 - Most significant rule change is a package of rule changes surrounding the issuance of nationwide warrants and setting timeframes (15 business days)
 - Additional rule changes involving language clean-up
 - Will share with the group when proposals are posted by National Office
- Supreme Court training plan and continuing education
 - Collaboration with SC to provide training in January 2022 (general interstate compact information and rule change updates) with probation staff
 - Consider an annual presentation and possible expansion to other court personnel
- Jail issues
 - With the continued changes in COVID, important to be cognizant of any jail issues we have with extradition and retaking offenders that require mandatory retaking
 - May need assistance from the State Council if we run into issues
- Compact Office personnel changes
 - Kristin Farrell-Logsdon recent retired and Kristen Golden (Columbus APA Senior PO) is currently acting in a temporary work level capacity within the interstate compact office
- Rescinding of the emergency rule passed during COVID (April 1)
 - Commission passed an emergency rule that allowed flexibility amongst states regarding compliance. The rule is being rescinded and states should expect to resume normal operation and be compliant with rules on 4/1/21. The hope is that states will continue to work together.
- Roundtable discussions regarding remote sentencings/hearings and electronic signatures for commissioner and Deputy Compact Administrator
 - National Office is hosting roundtable discussions for Commissioners and DCAs
 - Katrina will attend the discussion on electronic signatures and Suzanne will attend the discussion on remote sentencings/hearings. Hopefully, best practices can be shared at our next State Council meeting (sooner if need be).
- Open Agenda
 - Upon discussion with Council members, we will have our next State Council meeting after the Annual Business Meeting, unless there is an identified need to meet earlier. Tentative meeting date, Wednesday, October 6th. Invite to follow via MS TEAMS.
