To Whom it May Concern,

Sex offender registrants who want to transfer supervision or live, work and/or attend school in Wisconsin, who meet the below listed criteria, will be subject to a Special Bulletin Notification, provided to law enforcement, and possible community notification.

**BULLETINS TO LAW ENFORCEMENT AGENCIES**

2. If a person described under s. 301.45 (1g) (dh), (dj), (f), or (g) becomes a resident of this state from another state under s. 304.16, becomes a student in this state, becomes employed or begins carrying on a vocation in this state, or becomes subject to a sanction in this state other than a placement in a Type 1 prison or a jail, and the person has, on 2 or more separate occasions, been convicted or found not guilty or not responsible by reason of mental disease or defect for a violation of the law of another jurisdiction that is comparable to a sex offense, the department shall notify the police chief of any community and the sheriff of any county in which the person will be residing, employed or carrying on a vocation, or attending school. Notification under this subdivision is in addition to providing access to information under sub. (2) or to any other notification that the department is authorized to provide.

Additionally, the Special Bulletin Notification (SBN) status per Sec. 301.46(2m)(am) Wis. Stats. will also require the registrant to be on Global Positioning System (GPS) tracking by the Wisconsin Department of Corrections while living, working, and/or attending school in Wisconsin, in accordance with Sec. 301.48(a)(7) Wis. Stats.

Wisconsin incoming registrants should be informed of these requirements. If you have questions concerning these requirements or the process, please contact the Wisconsin Sex Offender Registry (608) 240-5830 or Wisconsin Department of Corrections Interstate Compact Office (608) 240-5308.

Thank you.
