All members were introduced. RSA 651-A was reviewed. FY 2010 transfer activity and application fee was reviewed. Representative Burridge suggested that we track waived or reduced fees so that we can accurately respond to any concerns about ICAOS access for indigent offenders.

ICAOS transfer eligibility for NH ‘lifetime supervision’ offenders and county inmates who move across state lines but who are not on probation or parole supervision was discussed. NH will seek advisory opinions at some point in the future.

ICAOS rule amendments that will become effective March 2011 were reviewed and discussed.
