GUIDELINES FOR HANDLING CLOSED SESSION MINUTES 01-2009

I. Authority

The Executive Committee is vested with the power to adopt a policy on behalf of the Interstate Commission during periods when the Interstate Commission is not in session. The Executive Committee oversees the day-to-day activities managed by the Executive Director.

II. Applicability

This policy applies to Commissioners, Compact Administrators, Deputy Compact Administrators, State Legal Representatives and all persons engaged in the business of the compact.

III. Policy

A. The ICAOS compact statute contains open meetings act requirements including a provision which specifies that minutes must be kept of all meetings of the Commission and its committees whether the meetings are open or permitted by statute to be closed. While some discussions are appropriate for open sessions, others, because of their nature, such as the regulation of employees, investigation, compliance and enforcement actions, and litigation, are often best discussed in a closed session environment; the ICAOS statute also restricts and limits the circumstances under which the Commission and its committees may meet in closed session. The law is based on the policy that the public right to attend and observe meetings must be respected, consistent with the conduct of governmental business.

B. This policy outlines the protocol for recording, publishing, and retaining closed session minutes for the Interstate Commission for Adult Offender Supervision or its committees.

IV. Procedure for Conducting a Closed Session

In order for the Commission or a committee to lawfully meet in closed session, all of the following conditions must be satisfied:

A. the Commission or committee must provide legally-sufficient basis for closing the meeting;

B. the Commission or committee must identify the specific subject matter as provided by the compact which provides a basis for the anticipated closed session;

C. the meeting must start in open session and then properly reconvenes in closed session;

D. the motion to meet in closed session (and the vote on that motion) must be recorded in the official minutes of the meeting.
E. A closed meeting, therefore, can be held only by specific action of the Commission or committee seeking to do so.

F. If the Commission or committee is aware of an item or items to be discussed at a closed session in advance of the notice and agenda being circulated, they should also include the statement that it is contemplated that the body will meet in closed session (this statement must also identify the subject matter and the statutory basis of this closed session).

G. At the meeting, the chair should say, “I will now entertain a motion to reconvene in closed session to review the following matter __________.” When a chair entertains this motion to reconvene in closed session, the chair (with assistance from counsel, if necessary), should specifically cite the appropriate sections of the ICAOS statute that authorizes this closed meeting [i.e., most likely compact Article VII]. The meeting minutes must record the motion as offered and seconded to convene in a closed session. Further, this motion “...shall be carried by majority vote in a manner that the vote of each member is ascertained and recorded in the minutes” In the event the motion fails, the meeting must be conducted in open session. If the motion passes, the meeting will then be closed, with only members of the Commission or committee or individuals invited by the Commission or committee being eligible to attend. Secret ballots may not be cast. Balloting can proceed in the following manner: a show of hands; signed ballots that will be saved and attached to the minutes; or each person’s vote can be recorded in the minutes; or a roll call vote, if requested by at least one member, with each person’s vote recorded in the minutes. In general, you may not close a meeting and immediately reconvene again in open session, unless the meeting is one in which a closed session is a general business meeting at which other non-confidential items, not subject to the closed meeting requirements are on the agenda.

V. Distributing Closed Session Minutes

A. Once closed session Minutes are available, they may be distributed to official Commission or Committee members via email or hardcopy. However care should be taken to limit access to such meeting by non-Commission or non-Committee members and such minutes should be appropriately addressed and labeled as “For Your Eyes Only” or “Personal and Confidential”.

VI. Preservation and Retention of Closed Session Minutes

A. Minutes of closed sessions of the Commission or its committees shall remain confidential until it is determined that such records no longer require confidential treatment and are approved for release. The Commission or its Committees should review closed session Minutes periodically, but no less than semi-annually, and the review may take place in closed session to determine whether there is still a need for confidentiality as to all or part of those Minutes. Such review should be conducted in consultation with legal counsel to the Commission. If there is no need for such confidentiality, then it can be reported in an open session that the Minutes or portions thereof no longer require confidential treatment and are available for public inspection.

B. In some cases, closed session Minutes may be recorded with such generality as to not reveal any confidential details, but simply communicate general information. In such instances, it would be appropriate for the Minutes to be approved and released in open session along with open session Minutes.

C. Retaining the records for all Minutes of the Commission and its committees is the responsibility of the National Office. It is practice for Minutes to be posted to the Commission’s website once approved. In situations where closed session Minutes are recorded and approved, the National Office will keep those minutes filed separately.
GUIDELINES FOR RESOLVING COMPLIANCE ISSUES 03-2008

I. Authority

The Executive Committee is vested with the power to adopt a policy on behalf of the Interstate Commission during periods when the Interstate Commission is not in session. The Executive Committee oversees the day-to-day activities managed by the Executive Director.

II. Applicability

This policy applies to Commissioners, Compact Administrators, Deputy Compact Administrators, State Legal Representatives and all persons engaged in the business of the Compact.

III. Policy

A. This policy establishes a proactive process for resolving non-compliance issues prior to a referral to the Compliance Committee.

B. The guidelines are intended to promote resolution of such issues through positive interaction and only seek to invoke punitive sanctions in the most serious cases and/or only as a measure of last resort.

C. While the guidelines set forth in this policy are intended to assist member states with non-compliance problems by promoting positive working relationships and solutions, it is recognized that this process may not be applicable in all cases and it is not intended to circumvent the powers and duties of the Commission to enforce the provisions of the Compact as specified by statute or rules.

IV. Procedures

A. When a non-compliance matter or complaint comes to the attention of the National Office, it will respond by taking the action identified in Level One and continue up through Level Five or until the issue is considered resolved. (See appendix for Filing a Formal Complaint Template and Guide).

B. Five levels for guiding the Commission on compliance matters are identified as follows:

1. Level One: The Executive Director makes contact with the involved Commissioners and attempts to resolve the matter to the satisfaction of both parties. If the matter cannot be resolved it is advanced to Level Two for additional action.

2. Level Two: The Executive Director continues to work to identify an acceptable solution by consulting with the appropriate standing committees, i.e. rules, training etc.
3. Level Three: The Executive Director attempts to resolve the matter by offering technical assistance to include, securing the assistance of subject matter experts, on-site training, audit assistance, etc.

4. Level Four: The Executive Director has exhausted attempts to resolve the compliance problem using the methods identified in the first three levels. The Executive Director prepares a report to the Executive Committee recommending that the matter be referred to the Compliance Committee for further action. (See: Compliance Policy and Procedure for Investigating Allegations of Non-Compliance)

APPENDIX

A. The existence of ICOTS will be made public and the system’s policies on protection of privacy, civil rights, and civil liberties will be made available to the public upon request.
B. ICAOS will adopt provisions to ensure accountability for compliance with all applicable laws and policies in the collection, use, analysis, retention, destruction, sharing, and disclosure of information.

3.0 Definitions

A. “ICAOS” means the Interstate Commission for Adult Offender Supervision.
B. “ICOTS” means the Interstate Compact Offender Tracking System.
C. “Information” means any data about people, organizations, events, incidents, or objects, regardless of the medium in which it exists.
D. “Law” means any local, state, tribal, territorial, or federal statute, ordinance, regulation, executive order, policy, or court rule, decision, or order, as construed by appropriate local, state, tribal, territorial, or federal officials or agencies.
E. “Member Agency” means those states, and their political subdivisions, that are active members of the Interstate Commission for Adult Offender Supervision and the primary users of the ICOTS
F. “Participating Agency” means both member agencies and other justice system partners who share or use the ICOTS system.

G. “Public” means:
   1. Any person and any for-profit or nonprofit entity, organization, or association;
   2. Any governmental entity for which there is no existing specific law authorizing access to the participating agency’s information;
   3. Media organizations; and
   4. Entities that seek, receive, or disseminate information for whatever reason, regardless of whether it is done with the intent of making a profit, and without distinction as to the nature or intent of those requesting information from the participating agency.

H. “Public” does not include:
   1. Employees of the participating agency;
   2. People or entities, private or governmental, who assist the agency in the operation of the justice information system; and

INVESTIGATING ALLEGATIONS OF NON-COMPLIANCE 02-2008

I. Authority

The Executive Committee is vested with the power to act on behalf of the Interstate Commission during periods when the Interstate Commission is not in session... The Executive Committee oversees the day-to-day activities managed by the Executive Director.

II. Applicability

B. The Compliance Committee has the responsibility to ensure that the rules and regulations of the Compact are adhered to in order to protect public safety while promoting offender rehabilitation.

C. The Compliance Committee shall review and/or investigate all allegations of noncompliance that are directed to the Committee and may recommend to the Executive Committee one or more appropriate actions. Pursuant to the provisions of the Compact all such investigatory information and investigative file(s) shall be confidential and not subject to public disclosure.

E. The investigative report shall be confidential and not subject to public disclosure.

F. The Executive Director shall forward the report and recommendations to the Chair of the Compliance Committee.

G. This report shall be forwarded within 30 days of the conclusion of the investigation phase, unless a time extension has been granted by the Chairperson or designee.

H. The Chair of the Compliance Committee shall forward the report to the full committee, the State alleged to be in non-compliance and the complaining State, if applicable.

I. The State alleged to be in non-compliance shall be given the opportunity to appear before the Compliance Committee at the State’s own expense, or reply in writing at a date and time to be determined by the Compliance Committee.

V. Determination

A. The Compliance Committee will base its findings on the report and any verbal or written submissions.

B. The Compliance Committee will present their findings and make a recommendation to the Executive Committee at their next scheduled meeting. If the State being investigated is found in non-compliance, the State shall reimburse all costs associated with the investigation to the Commission.

SCREENING AN OFFENDER FROM PUBLIC VIEW IN ICOTS’ PUBLIC ACCESS

PORTAL 04-2009

I. Authority

The Executive Committee is vested with the power to adopt a policy on behalf of the Interstate Commission during periods when the Interstate Commission is not in session. The Executive Committee oversees the day-to-day activities managed by the Executive Director.

II. Applicability

This policy applies to Commissioners, Compact Administrators, Deputy Compact Administrators, State Legal Representatives, and all persons engaged in the business of the Compact.

III. Policy

The Interstate Compact Offender Tracking System (ICOTS) provides limited public access to ICOTS offender information using a public access portal. In certain situations, there is a legitimate need to hide specific offender information from public viewing. This policy outlines the process by which a state can petition to conceal an offender from public view.

A. Eligibility
   1. The offender must be a participant in a state or federal witness protection program to be eligible for concealment from public viewing.
   2. State laws prohibit the public display of the information.

B. Process
   1. The State Compact Commissioner or designee must document and maintain a file on all requests to exclude an offender from public viewing. At minimum the documentation shall include the following.
      a. Offender’s name, date of birth and ICOTS number, if available;
      b. Brief description of the need to conceal the offenders from public viewing

C. Audit
   1. The required records are subject to review by the national office.
STATE COUNCIL POLICY 03-2009

I. Authority

The Executive Committee is vested with the power to act on behalf of the Interstate Commission during periods when the Interstate Commission is not in session... The Executive Committee oversees the day-to-day activities managed by the Executive Director.

II. Applicability

This policy applies to Commissioners, Compact Administrators, Deputy Compact Administrators, State Legal Representatives and all persons engaged in the business of the compact.

III. Policy

This policy is to ensure compliance with the compact statute that requires each member state or territory to maintain a state council.

IV. Procedures

A. In January of every year, member states are required to submit to the national office the following information for each member of the State Council.
   1. Name and title of each State Council Member, i.e. chair, vice-chair, secretary, member etc.
   2. Description of the group they represent, i.e. executive branch, judiciary, victims etc.
   3. The date of appointment and length of term.

B. Within 60 days of a state council meeting, each member state will provide the national office with a copy of the meeting agenda and minutes.
SURVEY POLICY AND STANDARDS 01-2014

I. Overview

For the purpose of this policy, the definition of a survey is the gathering of information through questionnaires, interviews, etc. to make inferences about a population. The ICAOS national office will serve as the Commission’s survey clearinghouse. All surveys intended for distribution to any compact members or compact community (e.g. deputy compact administrators, compact office staff, ICOTS users, victim advocates, etc.) must be approved by the national office using the procedures described herein. National office approval is not required for survey resulting from action from a standing committee.

Surveys will be administered using an electronic format.

Acceptance of authorization to administer a survey establishes an obligation on the part of the national office to use these data responsibly. The survey request must provide direction to the national office on its authority to distribute the data and identify potential recipients authorized to receive the data.

II. Policy Violations

Failure to adhere to the policies and guidelines relating to the use of surveys will result in a written notification to the Compliance Committee. Violators of this policy must receive clearance from the Executive Committee to request any future surveys for a period determined by the Executive Committee.

III. Procedures

A. The Request Process

Individuals and offices wishing to conduct a survey covered by the survey policy must provide the following information to the national office in writing:

Information required to conduct a survey includes but is not limited to:

- Description of the survey project, including the purpose and intended use of results;
- Specific population receiving the survey;
- Time frame for administering the survey, including beginning and end dates;
- Current draft of the survey.
Recurring surveys approved in an earlier year only need to submit information about the new proposed administration dates. Surveys approved in prior years with significant changes must be re-approved. The national office will review the survey request and provide a response within five business days of the received date of the proposal. The national office may provide a change notice based on the following criteria:

- Is there a clearly explained purpose of the survey?
- Does the survey provide information useful for planning or improving services?
- Is the survey well designed and of an appropriate length?
- Are the questions easily understood and interpreted?
- What is the target population? Will the entire population or a sample be surveyed?
- Is there a clear explanation of the rights of perspective participants (including confidentiality)?
- When will the survey be conducted? What is the optimal timing to ensure it does not compete with other surveys and activities?
- How will the results be used?
- Will the findings be disseminated to appropriate audiences? Who will have access to the information and will it help them make better decisions as a result?
- Has the appropriate standing committee reviewed the proposed survey (if necessary)?
- Can the proposed survey be combined with other planned surveys?
- Are there other data available that will allow the survey to be avoided?

IV. Guidelines for Conducting Survey

All surveys conducted by the Commission should adhere to the following guidelines.

A. The Rights of Respondents

- The survey form must include contact information of the requestor (name, e-mail address, telephone number), should the respondents have any questions about the content of the form or about the use and/or publication of survey results.
- All participants must be notified that their participation is voluntary.
- Respondents must be notified in advance if data collected will not be anonymous.
- Respondents must be protected from risk of unreasonable harm, including any risks regarding confidentiality or privacy.
- Surveys that requesting individual health information may be subject to HIPAA (Health Insurance Portability and Accountability Act).
- A summary should be made available on request to persons who completed the survey.
• Respondents should be informed if the data or survey results will be published or distributed, including whether individual responses will appear in the published results.

• In some circumstances, data may be confidential and not publicly available to the respondents. Any such limitation should be made clear to respondents at the time the survey is conducted, as well as within the report itself. When restrictions apply, publication and/or presentation of survey results must honor the stated restrictions.

• If respondents are promised anonymity and a login is required to access the survey (e.g., email addresses), the national office must ensure that login information will not be collected and stored in a way that it can be connected to survey results.

B. Sponsorship

• All surveys should clearly identify the group or person who is requesting the survey.

• Information from surveys conducted by administrative offices, committees, and others is the property of the Commission. The national office must be consulted prior to the release and distribution of the survey’s findings.

• The use of mass e-mailing lists to promote or distribute a survey to compact member, compact office staff, and others is limited to official surveys approved by the national office.

C. Confidentiality

Identifiable information should be collected only as required in relation to the expressly stated purpose of research or a project.

D. Data Security

The national office is responsible for managing and releasing the data collected. Raw data from surveys are typically not shared with people outside of the Commission except under special circumstances (e.g., a data sharing consortium). If survey data are shared, (a) its’ use should conform to applicable policies and guidelines, (b) the data should not contain any information that will identify a respondent, and (c) its’ release must be approved by the Executive Director.

E. Committee and Legal Review

The Commission and the requestor may incur legal liability if the treatment of survey recipients is unethical, if data resulting from the survey is misused, or if any part of the survey violates certain protected rights of individuals or ICAOS Rules. Survey requestors should be aware of their responsibilities and make every effort to protect the rights of survey recipients and to comply with ICAOS Rules. ICAOS Rules Committee, Training Committee, and legal counsel’s approval may be required if the survey findings are used for any purposes related to data collection about commission programs, practices, curricula, or outcomes.

F. Use of E-mail for Administering Surveys

E-mail is a convenient and effective way to contact and communicate with potential survey subjects; however, e-mail is a fundamentally unsecure medium. E-mail messages are typically transmitted to a number of different computers before reaching their final destination. At each intermediary computer, backups can create additional copies of the original message. Thus, messages may reside on one or more servers for extended periods, during which time they may be read, subpoenaed, etc.
Theoretically, it is possible for subjects to return surveys through anonymous re-mailers, but interception and duplication remain possible during the initial transmission. It is possible to conduct secure e-mail surveys with encryption technology, but this is rarely used in actual practice. In short, subjects cannot be assured of the confidentiality of their data in e-mail surveys. E-mail may be safely used as a vehicle only to contact potential subjects, who may then be given the option to (a) print and return an anonymous survey via mail, or (b) go to a web link to complete an online survey.

G. Survey Publicity

Surveys can be publicized through media such as the Commission newsletters, e-mail, message boards, and other forms of direct contact with selected respondents.

H. Assistance with Survey Development, Administration, and Reporting

The Commission will consider requests for assistance with the development, deployment, and analysis of surveys conducted by academic departments, committees and task forces, and administrative units as time permits. Assistance with external projects (e.g. grant-related projects) conducted by third party organizations may also be considered, but these will have a lower priority. The Commission reserves the right to deny any request for assistance, if office resources are not available.
TRAINING AND TECHNICAL ASSISTANCE 01-2008

I. Authority

The Executive Committee is vested with the power to act on behalf of the Interstate Commission during periods when the Interstate Commission is not in session... The Executive Committee oversees the day-to-day activities managed by the Executive Director.

II. Applicability

This policy applies to Commissioners, Compact Administrators, Deputy Compact Administrators, State Legal Representatives, and all persons engaged in the business of the Compact.

III. Policy

The policy is written to ensure that ICAOS funds are expended in a prudent and reasonable manner for the conduct of official business. They also ensure fair and equitable treatment of states by defining procedures for authorized training and technical assistance.

IV Objectives

A. Provide training, technical assistance, and support to member states and other criminal justice professionals involved in interstate compact business.

B. Ensure effective training opportunities are available to interstate professionals, which will increase their knowledge of the Commission’s rules, practices, technology, and compliance.

C. Assist member states in defining operational or programmatic problems specific to interstate compact and provide recommendations regarding solutions to these challenging issues.

V. Training and Technical Assistance Available

ICAOS supports a variety of projects to strengthen the compact process and public safety efforts.

A. Training
   1. Compact Offices, Commissioners, Field Staff, Legal and Judicial Individuals and Groups, State Councils, etc.

B. Technical Assistance
   1. Operations, compliance and dispute resolution, information technology, etc.
2. Following an ICAOS audit, or at any time, a state may request the National Office to analyze specific data regarding problematic or compliance areas to direct resources to the users in these areas. This method identifies focus areas and provides direct technical assistance in a manner that is efficient and does not place additional burden on the compact office staff.

VI Eligibility

Any member state of the Interstate Commission for Adult Offender Supervision is eligible to apply for assistance. While ICAOS may not have funding available for a specific purpose, it may assist states in identifying other resources to meet a need. ICAOS will review all requests related to interstate compact and will make every effort to identify avenues of assistance when possible.

VII Administering Training and Technical Assistance

Assistance is provided within the confines of the budget set forth and approved by the Executive Committee.

A. Written request to the Executive Director for training or technical assistance must originate from the Compact State’s Commissioner.

B. Each request must include the following information.
   1. Contact information should include the name of the organization, the name of the individual making the request and his/her address, phone number, fax number and email
   2. A narrative description of the need, to include the number of recipients receiving assistance
   3. Objectives and desired outcomes
   4. Proposed timeframe for delivery
   5. Additional pertinent information or special circumstances

C. After receiving a request for assistance the Executive Director or his/her designee will evaluate the request based on the information listed below and will submit a recommendation to the Executive Committee.
   1. Significance of need
   2. Number of recipients receiving assistance
   3. Prior technical assistance (applied for and/or received)
   4. Availability of funding
   5. Availability of expertise

D. When a requestor is denied by the Executive Committee, the Executive Director will provide the request with a written response detailing the reasons why the request is denied.
E. If the recommendation is to approve, the Executive Director will work with the requestor to:
   1. The appropriate method of delivery, i.e., remote, onsite, etc.
   2. Identification of an individual best suited for the engagement
   3. Recommended days needed to deliver assistance

F. When identifying consultants, consideration will be given to retired commissioners, individuals with prior experience as a commissioner and individuals with subject matter expertise.

G. Consultants working on behalf of the Commission will be given a stipend of $300.00 per delivery day as defined in the authorization letter. This policy does not exclude commissioners who desire to assist the Commission in a technical or training capacity without compensation.

H. Consultants authorized to travel to fulfill an engagement will be reimbursed for travel expenses in accordance with the ICAOS travel policy.

I. Within 10 days of completing the engagement the consultant will provide the Executive Director or his/her designee with a written report detailing at minimum the following information:
   1. Location of the engagement
   2. Number of delivery days
   3. General description of the recipients, i.e., field officers, county judges, etc.
   4. Number of recipients
   5. Narrative summary of the service provided
   6. Outcomes
   7. Recipients evaluations
   8. Suggested follow up

J. After receiving the consultant’s report, the Executive Director or his/her designee will contact the requestor to discuss the success of the engagement and any needed follow up action.
