- The roll call ascertained 44 states present, establishing a quorum.
- David Guntharp advised the commission that Virginia passed the legislation leaving two states that are not in the Compact at this time. Guntharp established some rules of what would was to be accomplished. Explaining that the Ad Hoc Committee was appointed because of a split in terms on the Misdemeanor Rule. Guntharp asked Jim Cosby from Tennessee to explain in terms of Ad Hoc Committee and the work that they did, and then for Commissioner Martinez to explain the minority report. Guntharp indicated the three options possible from this meeting; passing the rule with the understanding that it can be tweaked it in the fall, postpone the rule until the fall or to table.
- Harry Hageman from Ohio asked to be recognized and put a motion out that the debate on the amendment would be limited to 30 minutes. Judith Sachwald, MD seconded.
- Martinez from Pennsylvania asked to be recognized and opposed the motion, not seeing the purpose of it. Thinking it could possibly inhibit proper deliberation and proper discussion of such a monumental rule.
- Dorcen Geiger from Washington State asked to be recognized. Cautioning the Commission that conversation tends to go in a circular process in which nothing moves forward, and she therefore supported the motion to limit debate to 30 minutes.
- Ben Martinez from PA asked to be recognized again, Harry Hageman stated that he was out of order. Rick Masters said that it is within the discretion of the Chair to ask for all other comments from other commissioners before returning to Commissioner Martinez.
- Ed Mruczek, NY spoke against the motion stating the issue was too controversial and sensitive and it would be unfair and unethical to limit discussion to only 30 minutes.
- Dennis Schrantz, MI spoke for the motion stating that if the Commission can’t get issues discussed intelligently in 30 minutes, then a motion needs to be made to take another approach.
- John Rees, KY agreed with the motion, and seconded the sentiment just put forward.
- Guntharp recognized Martinez again. Martinez thought the concerns expressed by Washington were legitimate. But felt that Guntharp, as Chair and Moderator of this process, could determine if conversation became circular in the arguments, or even crossed into personal bounds.

- Vivian Williams, IL supported the amendment for the 30-minute limitation.

- Rick Masters advised Guntharp that this will take a two-third vote of the majority to adopt. Guntharp asked D. Blackburn to do a roll call.

- Kathie Winckler, TX asked for a point of clarification if the total debate would be limited to 30 minutes or just the debate on each issue to 30 minutes. Guntharp clarified that it was for the motion.
• Jim Cosby, TN gave his report from the Ad Hoc committee. The Ad Hoc Committee met three times to produce the compromise language for the “misdemeanor rule”. In addition to that, a survey was conducted and results were made available on the Web Compact site. The Ad Hoc Committee also discussed the compliance issues regarding the misdemeanor rule. And then it was unanimous agreement that among the committee members that the Executive Committee should adopt the position that includes individual states efforts to comply misdemeanor rule. And that should be taken into consideration when those compliance issues are discussed, or when those issues are raised. The committee also approved and recommended that the Executive Committee use an expedited action to take on this proposed rule.

• Benjamin Martinez, PA gave his report from the minority. Stating Pennsylvania’s position that convening the Commission body for the promulgation of one general provision is both impractical and could establish dangers and unintended precedent. Another concern was that the recommendation that came out of the Ad Hoc Committee was basically gleaning from the Misdemeanor survey results. The minority reports’ main opposition is to the process by which the commission is going about this amendment.

• Kathie Winckler, TX gave a report of the public hearing. The public hearing was held in Lexington, Kentucky, Winckler presided over that hearing by telephone from Houston. The hearing had no speakers at it and no comments received - or no persons appeared in person to make any comments. The meeting convened at 12 o’clock Eastern, and adjourned at 12:15 Eastern without having had anyone come to speak. In addition to the public hearing the Commission solicited public comments. The first was received from the PPCAA President which was more in the line of an explanatory letter to the Compact Administrators and Deputy Compact Administrators. The next comment was received from Mary Achilles who is the Victim’s Advocate for the Commonwealth of Pennsylvania. The next remarks were received from Ben Martinez speaking for the State Council of the Commonwealth of Pennsylvania. Comments were also received from the Victim’s Representative to the Interstate Commission, Pat Tuthill. Finally, Michigan recommended amendment to the rules that are proposed for amendment.
- Warren Emmer, ND made a motion to close the mics and follow the procedures that were first planned to do. Harry Hageman, OH seconded. Martinez, PA asked for clarification on process with muted lines. Don Blackburn outlined the procedure for using the phone system with muted lines. Guntharp brought it to a vote and asked for a roll call.

- D. Blackburn announced to the Chairman the votes, 23 "Yes", 22 "No". Guntharp called for the lines to be muted.
- Guntharp asked Commissioner Winckler to read the rule?
- Benjamin Martinez, PA asked for a point of clarification as to why we needed two-thirds for the other motion and majority for this motion. R. Masters answered that rules specified that the motion dilemma to debate requires a two-thirds majority. This is a manner in which the debate will be conducted, and there's no indication of a 2/3 majority.
• Kathie Winckler, TX read the rule. Section 2.105: Misdemeanants: A) An offender who has been sentenced for a misdemeanor offense in the (sending) State shall be eligible for transfer under the Compact provided that all other criteria for transfer as specified in Section 3.101 have been satisfied. And provided further that the offender: one, is subject to one year or more supervision; two, is subject to a sentence greater than six months of incarceration upon revocation of probation or other community supervision; and three, has not been convicted of or placed under supervision for a minor offense. B) In this section, minor offense does not include: 1) An offense in which a person - a victim has incurred bodily injury; 2) A second or a subsequent misdemeanor offense of driving while impaired by drug or alcohol; and 3) A sexual offense. A - in this section, sexual offense means an offense which requires that a person register as a sex offender in a (sending) State.

• David Guntharp asked for a motion for the rule as the commissioner read it.

• Benjamin Martinez, PA asked for clarification, if ex-officio members, specifically Pat Tuthill, would have an opportunity to provide verbal input during the meeting. Guntharp responded that she’s not a commissioner and she had an opportunity at the public hearing and sent comments in writing.

• Warren Emmer, ND made the motion to adopt the rule. Lowell Brandt, IA seconded. Guntharp asked for anyone to speak for or against.

• Ginger Martin, OR spoke in favor of the amendment. Oregon has just reduced funding for felons by 19% in the coming fiscal year. Misdemeanants are not funded, and they aren’t going to be supervised. Unsupervised, Oregon misdemeanants will travel to other States because there’s no supervision to transfer. Misdemeanants from other States will not be supervised in Oregon. The only thing that’s transferred is the liability.

• Benjamin Martinez, PA was recognized and stated for the record, his with not having Pat Tuthill available, one of our ex-officio member, but also the other ex-official members Judge - Chief Justice (Van Dewalt). Guntharp reminded Martinez that would be contrary to the procedure set up in Little Rock to have anyone other than commissioners at the table.
• Ann Hyde, SC asked to make an amendment stating her concern for victims. Hyde and her state have big problems with this rule. She proposed in the spirit of compromise an amendment, in (b1) that we strike the two words, bodily injury, and insert direct or threaten to physical or psychological harm. In this instance, including that there could be a possibility of direct or threatened. Not just physical, a mental-emotional, because there are those types of offenses.

• Judith Sachwald, MD seconded the motion for the amendments from South Carolina. Guntharp asked for anyone to speak for or against amendment.

• John D’Amico spoke that this would make a terrible rule somewhat less terrible and supported the amendment.

• Vivian Williams, IL stated she was adamantly opposed to excluding any misdemeanor for supervision and having given this serious consideration, she supported the amendment as proposed by Commissioner Hyde.

• Dennis Schrantz, call the question. Rick Masters advised that the body would have to vote on the question to see if they are ready to vote. There's no debate on a motion to “Call the Question,” and if it's approved, then the second - then the amendment will be considered.

• Ed Ligtenberg, SD supported the motion. Guntharp called the vote clarifying that it was a vote to bring the amendment to a vote.

- Donald Blackburn announced that the amendment carries; back to the main motion. Guntharp asked for discussion on the main motion.

- Kathee Winkler, TX was recognized to speak on the motion and rectified an error she made neglecting to read comments submitted by New York. New York State opposes the proposed rule change, and it says that the change is the through or indirect contravention to the spirit and intent of the language of the new Compact at - that was to ensure improved tracking offenders and that - and to address enforcement issues experienced with the old Compact.
• Kathie Winckler, TX asked to be recognized again and speak against the motion stating that it is the opinion of the majority of the chief and of the Compact administrator that Texas support the supervision of all misdemeanants without exclusion. Also stating that it is troubling that there may be misdemeanants who are domestic violence offenders or who have had previous DWIs that are not noted allowing for the possibility of not having under supervision people who are inherently dangerous and should be under supervision. Jurisdiction has a right to know which offenders are in its jurisdiction, the only way to know that is for the transfer to come through the Interstate Compact Office.

• Jim Cosby, TN was recognized and stated that the commission must consider the actual ability of this Compact to function. Putting something in place that a majority of states can live with and can comply with. Cosby believed that the amendment made by South Carolina was an effective amendment.

• Harry Hageman, OH was recognized and agreed with Tennessee. Hageman included that those who oppose the amendment have stated their case in the strongest possible way, and that it was also true for those who are in favor of the amendment.

• Edward Mruczek, NY was recognized and thanked Commissioner Winckler for correcting the over cite. He also reminded the other commissioners that they ought to take into consideration that certain media - certain misdemeanor cases become media cases. And if states were willing to deal with those, they would be in the much better position having an individual under supervision, and exercising some control over those cases.

• David Guntharp recognized Pat Tuthill and allowed her to speak.

• Pat Tuthill stated that she understood the issue of compliance, budget and financial constraint. Tuthill included that this rule on misdemeanors is one that has been very contemptuous and debatable. Tuthill included that there are many offenders who are not going to be included and many potential victims as the result of this rule. Tuthill strongly believed in waiting until October.

• Benjamin Martinez, PA asked for a point of clarification on if the rule as proposed to be amended only includes the instant offense not taking into consideration any prior arrest history. Ann Hyde, SC clarified that the amendment is talking of the instant offense.
- David Guntharp called for the vote on the rule as it was amendment stating that if it's a yes vote, then the rule will pass.

- David Guntharp asked K. Winckler to read the Supervision Rule. Section 1.101:
Definitions. Kathie Winckler read, as used in these rules, unless the context clearly requires a different construction. (Double A) supervision, means the authority or oversight exercised by supervising authorities of a sending or receiving state over an offender for a period of time determined by a court or releasing authority, during which the offender is required to report to or be monitored by supervising authorities, and includes any condition, qualification, special condition or requirement imposed on the offender at the time of the offender's release to the community or during the period of supervision in the community.
- Judith Sachwald, MD seconded the motion stating that this was an issue she raised at the close of the meeting in November, including that these proposed changes address all of our concerns and the concerns that she heard from some of the other commissioner.
- David Guntharp clarified that was a motion from Maryland.

Offenders subject to deferred sentences are eligible for transfer of supervision under the same eligibility requirement, terms and conditions applicable to all other offenders under this Compact. Person subject to supervision pursuant to a pre-trial intervention program, bail or similar program or who
are under supervision for a minor misdemeanor offense as defined in Section 2.105B are not eligible for transfer under the terms and conditions of this Compact.

- William Rankin moved for approval of the amendment or of the motion. Barry Groves, FL seconded.
- John Recs, KY moved to amend the wordings modified to say “or”, “similar”. Lowell Brandt, LA seconded.
- Kalhie Winckler, TX was recognized to speak against the amendment stating that the addition of the word “similar”, does not offer a lot to clear up this subject. In the process of drafting and passing the rules that the deferred sentences are - means something different in many different states. It was her belief that it would be a bad idea at this point to entertain a change like this that wasn’t fully thought through to see how it fits in with other terminologies.

(g) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Interstate Commission shall consider all written and oral comments received.

(h) The Interstate Commission shall, by majority vote of a quorum of the commissioners, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

INTERSTATE COMPACT FOR THE SUPERVISION OF ADULT OFFENDERS

PREAMBLE

• Whereas: The interstate compact for the supervision of Parolees and Probationers was established in 1937, it is the earliest corrections "compact" established among the states and has not been amended since its adoption over 62 years ago;

• Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;

• Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements and sex offender registration;

• Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability;

• Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact.

Be it enacted by the General Assembly (Legislature) of the state of ________________:

Short title. This Act may be cited as The Interstate Compact for Adult Offender Supervision.
ARTICLE I
PURPOSE

The compacting states to this interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the Bylaws and Rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states. In addition, this compact will: create a Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of Compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.
The compacting states recognize that there is no "right" of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and Bylaws and Rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

Except as otherwise provided in this Compact and unless a greater percentage is required by the By-laws, in order to constitute an act of the Interstate Commission, such act shall have been taken at a meeting of the Interstate Commission and shall have received an affirmative vote of a majority of the members present.

Each Member of the Interstate Commission shall have the right and power to cast a vote to which that Compacting State is entitled and to participate in the business and affairs of the Interstate Commission. A Member shall vote in person on behalf of the state and shall not delegate a vote to another member state. However, a State Council shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the
member state at a specified meeting. The By-laws may provide for Members' participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone, or other means of telecommunication or electronic communication shall be subject to the same quorum requirements of meetings where members are present in person.

The Interstate Commission shall meet at least once during each calendar year. The chairperson of the Interstate Commission may call additional meetings at any time and, upon the request of a majority of the Members, shall call additional meetings.

The Interstate Commission's By-laws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure any information or official records to the extent they would adversely affect personal privacy rights or proprietary interests. Public notice shall be given of all meetings and all meetings shall be open to the public, except as set forth in the Rules or as otherwise provided in the Compact. The Interstate Commission shall promulgate Rules consistent with the principles contained in the "Government in Sunshine Act," 5 U.S.C. Section 552(b), as may be amended. The Interstate Commission and any of its committees may close a meeting to the public where it determines by two-thirds vote that an open meeting would be likely to:

• relate solely to the Interstate Commission's internal personnel practices and procedures;
• disclose matters specifically exempted from disclosure by statute;
• disclose trade secrets or commercial or financial information which is privileged or confidential;
• involve accusing any person of a crime, or formally censuring any person;
• disclose information of a personal nature where disclosure would constitute a clearly
  unwarranted invasion of personal privacy;
• disclose investigatory records compiled for law enforcement purposes;
• disclose information contained in or related to examination, operating or condition reports
  prepared by, or on behalf of or for the use of, the Interstate Commission with respect to a
  regulated entity for the purpose of regulation or supervision of such entity;
• disclose information, the premature disclosure of which would significantly endanger the life
  of a person or the stability of a regulated entity;
• specifically relate to the Interstate Commission’s issuance of a subpoena, or its participation
  in a civil action or proceeding.

For every meeting closed pursuant to this provision, the Interstate Commission’s chief legal
officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public,
and shall reference each relevant exemptive provision. The Interstate Commission shall keep
minutes which shall fully and clearly describe all matters discussed in any meeting and shall
provide a full and accurate summary of any actions taken, and the reasons therefor, including a
description of each of the views expressed on any item and the record of any rollcall vote
(reflected in the vote of each Member on the question). All documents considered in connection
with any action shall be identified in such minutes.

The Interstate Commission shall collect standardized data concerning the interstate movement of
offenders as directed through its By-laws and Rules which shall specify the data to be collected,
the means of collection and data exchange and reporting requirements.

If the court finds that the Interstate Commission's action is not supported by substantial evidence, (as defined in the APA), in the rulemaking record, the court shall hold the Rule unlawful and set it aside.

Subjects to be addressed within 12 months after the first meeting must at a minimum include:

- notice to victims and opportunity to be heard;
- offender registration and compliance;

The existing rules governing the operation of the previous compact superseded by this Act shall be null and void twelve (12) months after the first meeting of the Interstate Commission created hereunder.

Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each Compacting State and shall promulgate a Rule binding upon all Compacting States which governs said assessment.
The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its by-laws. Article VI
Meetings of the Commission

Section 1. Meetings and Notice.
The Commission shall meet at least once each calendar year at a time and place to be determined by the Commission. Additional meetings may be scheduled at the discretion of the chairperson, and must be called upon the request of a majority of Commission Members, as provided by the Compact. All Commission Members shall be given written notice of Commission meetings at least thirty (30) days prior to their scheduled dates. Final agendas shall be provided to all Commission Members no later than ten (10) days prior to any meeting of the Commission. Thereafter, additional agenda items requiring Commission action may not be added to the final agenda, except by an affirmative vote of a majority of the Members. All Commission meetings shall be open to the public, except as set forth in Commission Rules or as otherwise provided by the Compact. Prior public notice shall be provided in a manner consistent with the federal Government in Sunshine Act, 5 U.S.C. § 552b, including, but not limited to, the following: publication of notice of the meeting at least ten (10) days prior to the meeting in a nationally distributed newspaper or an official newsletter regularly published by or on behalf of the Commission and distribution to interested parties who have requested in writing to receive such notices. A meeting may be closed to the public where the Commission determines by two-thirds (2/3rds) vote of its Members that there exists at least one of the conditions for closing a meeting, as provided by the Compact or Commission Rules.

Section 2. Quorum.
Commission Members representing a majority of the Compactig States shall constitute a quorum for the transaction of business, except as otherwise required in these By-laws. The participation of a Commission Member from a Compacting State in a meeting is sufficient to constitute the presence of that State for purposes of determining the existence of a quorum, provided the Member present is entitled to vote on behalf of the Compacting State represented. The presence of a quorum must be established before any vote of the Commission can be taken.

Section 3. Voting.
Each Compacting State represented at any meeting of the Commission by its Member is entitled to one vote. A Member shall vote himself or herself and shall not delegate his or her vote to another Member. Members may participate and vote in meetings of the Commission and its duly authorized committees by telephone or other means of telecommunication or electronic communication. Except as otherwise required by the Compact or these By-laws, any question submitted to a vote of the Commission shall be determined by a simple majority.

Section 4. Procedure.
Matters of parliamentary procedure not covered by these By-laws shall be governed by Robert's Rules of Order.

representatives, and the ex-officio victims’ representative to the Interstate Commission.
The procedures, duties, budget, and tenure of such an executive committee shall be

The Commission's internal accounts, any workpapers related to any internal audit, and any workpapers related to the independent audit shall be confidential; provided, that such materials shall be made available: (i) in compliance with the order of any court of competent jurisdiction; (ii) pursuant to such reasonable rules as the Commission shall promulgate; and (iii) to any Commissioner of a Compacting State, or their duly authorized representatives.

Section 4. Public Participation in Meetings.
Upon prior written request to the Commission, any person who desires to present a statement on a matter that is on the agenda shall be afforded an opportunity to present an oral statement to the Commission at an open meeting. The chairperson may, depending on the circumstances, afford any person who desires to present a statement on a matter that is on the agenda an opportunity to be heard absent a prior written request to the Commission. The chairperson may limit the time and manner of any such statements at any open meeting.

Section 5. Debt Limitations.
The Commission shall monitor its own and its committees' affairs for compliance with all provisions of the Compact, its rules and these By-laws governing the incurring of debt and the pledging of credit.

Failing the required notice, a two-thirds (2/3rds) majority vote of the Members shall be required for such action.

As adopted, November 5, 2003
Article XI
Dissolution of the Compact

The Compact shall dissolve effective upon the date of the withdrawal or the termination by default of a Compacting State that reduces membership in the Compact to one Compacting State as provided by the Compact.

Upon dissolution of the Compact, the Compact becomes null and void and shall be of no further force and effect, and the business and affairs of the Commission shall be wound up. Each Compacting State in good standing at the time of the Compact's dissolution shall receive a pro rata distribution of surplus funds based upon a ratio, the numerator of which shall be the amount of its last paid annual assessment, and the denominator of which shall be the sum of the last paid annual assessments of all Compacting States in good standing at the time of the Compact’s dissolution. A Compacting State is in good standing if it has paid its assessments timely.

RULES OF PRACTICE

A major portion of the final recommendations of the National Commission to Restructure the Compact consisted of Rules of Practice for the operation of the Compact and Compact Offices. Minor amendments to the Rules were adopted by the Parole and Probation Compact Administrators' Association and have been incorporated in the Rules as set forth herein. These rules are promulgated under the Compact provision allowing the administrators of the various states to jointly adopt rules of procedure for operations under the Compact.
RULES FOR OPERATIONS UNDER THE COMPACT

SECTION 100 - LEGAL NOTES ON THE COMPACT

Section 1-100.
DEFINITIONS (Family definition revised 3/28/2001)

(A) Absconder - A parolee or probationer is considered as an absconder when he/she fails to report and his or her whereabouts are unknown. It must be verified that the offender is no longer living at his or her listed residence. An unsuccessful effort to locate the offender through his/her employment is also required.

(B) Civil Probation or Parole - Shall refer to persons whose freedom or activities are subject to limitation, supervision, or other restraint where such limitation, supervision, or restraint originates from charges brought against such individual which are civil and not criminal in nature.

(C) Concurrent Supervision - Supervision of a parolee or probationer by two separate authorities, i.e., federal and state authorities jointly. This term is also applied when an offender is being supervised by a state for a conviction received in that state as well as convictions received in one or more sending states.

(I) Extraordinary Medical Condition - Medical conditions in offenders which include infectious diseases, diagnosed psychological disorders or medical conditions that may affect the course of the supervision by the receiving state.

(J) Failure to Report - This term applies to a parolee or probationer whose whereabouts are known but who fails to report to his/her assigned officer as ordered or directed.

(L) Misdemeanant - A person convicted of a minor offense for which the sending state's statute provides a lesser penalty than for a felony.
(M) Non-Convicted Offender - Shall mean offenders for whom a court has ordered supervision prior to an adjudication of guilt, including individuals released to supervision on their own recognizance. Non-convicted offenders may be supervised under the Compact only pursuant to agreement by the sending and receiving states where statutory authority exists.

(O) Pre-Parole Investigation - Shall mean any investigation or inquiry regarding an individual who has requested transfer under the Compact which relates either to that individual's release, parole or suitability for transfer.

(P) Probable Cause Hearing - A hearing conducted in behalf of a parole or probation violator in compliance with the U.S. Supreme Court's rulings in Morrissey v. Brewer and Gagnon v. Scarpelli. Also referred to as a Preliminary Hearing, Preliminary Probable Cause Hearing, On-Site Hearing or On-Site Probable Cause Hearing.

(Q) Probation - Shall mean court-order supervision after a plea of guilty or a trial and adjudication of guilt.

(R) Post-Sentence - Shall refer to the time period after a court has, based upon a plea or adjudication of guilt, determined conditionally or otherwise the penalty for an offense and has announced said penalty in open court or in an open or closed record of said court.

(S) Provisional Travel Permit - A travel permit issued to allow an offender to travel to a receiving state for the purpose of transfer of supervision.

(U) Resident - For the purpose of transfer of supervision under the terms of the Compact, a parolee or probationer may be considered a resident of a state if the offender has been an actual inhabitant of such state continuously for more than one year prior to coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which the offender has been convicted.

(V) Rule Variance - An exception to the "Rules For Operations Under The Compact," agreed upon in writing by two states, to facilitate handling of the case of an offender in which they have some mutual interest.

(W) Sending State - In the process of transfer of supervision of a parolee or probationer, the state requesting transfer of supervision.

(X) Special Condition - Conditions or terms added to the standard conditions of parole or probation by either the sending or receiving state.

(Y) Special Investigation - A non-Compact investigation, usually an investigation of arrest or conviction of a parolee or probationer in behalf of another state on a courtesy basis.

(Z) Supervision Fee - A fee collected to compensate for the cost of supervision of an offender.
(AA) Temporary Travel Permit - A travel permit issued to allow an offender to visit another state for a period not to exceed thirty (30) days. This type of travel permit is not used in conjunction with travel for the purpose of transfer of supervision.

(BB) Third Party State - In the process of transfer of supervision of a parolee or probationer, a state, other than the original receiving state, that is requested to assume supervision of an offender. Also a state, other than the sending or receiving state, to which a parole or probation violator may have fled or absconded.

(CC) Waiver - A formal written statement relinquishing some right, claim or privilege.

Section 1-101.
CONGRESSIONAL CONSENT

The Interstate Compact for the Supervision of Probationers and Parolees is authorized by Congress under the Crime Control Act of 1934.

Commentary

The Interstate Compact for the Supervision of Probationers and Parolees was developed by the states under the Congressional consent given in advance by the Crime Control Act of 1934 which states in part: "[A]n Act granting consent of Congress to any two or more states to enter into agreements or compacts for cooperative efforts and mutual assistance in the prevention of crime and for other purposes."

There is a solid foundation of legal precedent supporting the legality and constitutionality of the Interstate Compact for the Supervision of Probationers and Parolees. To date, no state court of last resort has ever handed down an unfavorable decision. The legality and constitutionality of the Compact has also been tested in the federal courts, again with no unfavorable decision having been issued against the Interstate Compact. The law of interstate compacts as interpreted by the U.S. Supreme Court is clear that interstate compacts are the highest form of state statutory law, having precedence over conflicting state statutes and obligating the member states to the provisions of the agreement as though it were a binding contract as well as a statute entered into by the member states. See the Legal Digest for citations and summaries of court decisions.

Section 1-102.
VIOLATIONS OF INTERSTATE COMPACT AND GRIEVANCE PROCEDURE
(Effective 3/28/2001)

Violations of the Interstate Compact Agreement shall initially be addressed informally by the states involved in the dispute. If a resolution cannot be reached a formal grievance shall be initiated. The grievance process shall address the issue through the following steps:

Step 1: The complaining state shall contact the working individual (Compact Administrator or Deputy Compact Administrator) in the offending state by mail, electronic correspondence, or by phone in an effort to resolve the dispute informally.

Step 2: If the dispute cannot be resolved at the informal level a Parole and Probation Compact Administrators' Association Grievance Form, with all necessary attachments, shall be forwarded to The Executive Council Chair and the Compact Administrator of the offending state. The Executive Council Chair shall discuss the grievance with the
involved states and provide a written informal opinion to them within five working days. The involved states shall indicate acceptance or rejection of the opinion on the grievance form within five working days. If any involved state(s) rejects the written opinion, the grievance will proceed to Step 3. The Executive Council Chair is prohibited from participating in a grievance involving his or her own state. In such cases the grievance would be forwarded to the PPCAA President-Elect.

Step 3: The Executive Council Chair shall convene the Council.
   a. The Council shall render a ruling on the grievance within ten working days.
   b. The President Elect may serve as a substitute for a Council member in the event of an absence or if there is a conflict of interest.
   c. The Executive Council Chair shall forward a decision to the Compact Administrator of the Offending State, the Governor of the Offending State, and the Compact Administrator of the complaining state. If appropriate, a time frame shall be set for the offending state to comply with the Council ruling.

Step 4: If the offending state fails to comply with the ruling the complaining state shall send a written notification to the Executive Council Chair. The Council shall be convened to impose sanctions on the offending state. Sanctions available to the Council are as follows:
   a. Seek the assistance of the offending state’s legal counsel.
   b. Seek the assistance of the offending state’s Attorney General.
   c. Seek the assistance of the United States Attorney General.
   d. Orchestrate a succession of letters from neutral states urging reconsideration by the offending state.
   e. Write a letter of reprimand to the offending state’s Compact Administrator or Deputy Compact Administrator with copies to the Administrators’ immediate superior.
   f. Write a letter of reprimand to the offending state’s Compact Administrator or Deputy Compact Administrator with copies to the Administrator’s immediate superior and the Governor.
   g. Write a letter of complaint to the Governor of the offending state.
   h. Seek the assistance of the Legislature of the offending state.
   i. Request a vote of censure by the full membership of the PPCAA.
   j. Request the withdrawal of the offending state from the Compact through the appropriate legislative process.
   k. Take necessary and appropriate legal action.
   l. Other as the particular situation suggests.

Step 5: The Executive Council will monitor the sanctions imposed until the final outcome of the process.

(See Chapter 4 (forms) for Grievance form)

Section 1-103.

COMPUTER AUTOMATION

A receiving state shall accept as sufficient for investigation and/or acceptance for supervision data transferred to it from an automated system pursuant to any requirements imposed by the Compact Administrators or these rules.
Commentary

This section assumes that the intent of the drafters of the Compact was to use the most efficient means available for Compact operations. The advent of automation technology was not recognized in the Compact rules previously. This section recognizes the availability of such means for information transfer, and legitimizes such transfers under the agreement methods available in the transfer of information.

Section 1-104.
AMENDMENTS TO THE RULES AND REGULATIONS

Amendments to these rules and regulations shall be adopted finally when agreed to by three-fifths of the administrators of the states signatory to the Compact.

Commentary

Article 5 of the Compact provides that the administrators shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of the Compact. The rules and regulations in the Compact Manual carry the same authority as the Compact and therefore it is desirable that amendments or changes be made only after adequate study and consideration have been given to the subject by the administrators. Upon adoption of a rule, however, all states shall give the same credence to the rules and regulations as given to the Compact.

Section 1-105.
NUMBER OF ADMINISTRATORS/DEPUTY COMPACT ADMINISTRATORS

Each state shall have one Compact Administrator and no more than two Deputy Compact Administrators designated by the Administrator thereof.

Commentary

The framers of the Compact understood that in order to ensure consistency in the interpretation of the Compact and uniformity in application, a limited number of Administrators/Deputy Compact Administrators was necessary. Information shall be channeled through Compact Offices and the Administrator and Deputies are responsible for dissemination.
SECTION 200 ELIGIBILITY FOR SUPERVISION

Section 2-101.
ELIGIBILITY FOR SUPERVISION

Any state (sending state) who is a party to the Compact may permit any probationer or parolee to reside in any other state (receiving state) party to this Compact, while on probation or parole, if:

(a) such person is in fact a resident of or has family residing within the receiving state and can obtain employment there. The offender shall have an offer of employment or a visible means of support;

(b) though not a resident of the receiving state and not having family residing there, the receiving state consents to such person being sent.

Commentary

Article (1) of the Interstate Compact for the Supervision of Probationers and Parolees provides that "it shall be competent for the duly constituted judicial and administrative authorities of a state party to this Compact (herein called 'sending state'), to permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other state party to this Compact (herein called 'receiving state'), while on probation or parole, if (a) such person is in fact a resident of or has family residing within the receiving state and can obtain employment there. The offender shall have an offer of employment or a visible means of support;

(b) though not a resident of the receiving state and not having family residing there, the receiving state consents to such person being sent there. Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one (1) year prior to coming to the sending state and has not resided within the sending state more than six (6) continuous months immediately preceding the commission of the offense for which the conviction occurred.

The Association has refused to adopt proposals for rigid interpretations of the Compact's language regarding residence, family, and employment. The view has always been that the language must be representative of the collaborative effort of its members which makes the Compact a success. The Association's view of desirable policy regarding acceptance of cases for supervision is that individuals should be accepted not only when they have legal residence or relatives in the receiving state, but also when it appears there is a plan for the individual which has merit and will serve to aid in the ultimate rehabilitation of the offender. There may be state laws requiring parolees to have jobs before leaving prison. This would not be applicable to persons sent from other states for supervision.

The receiving state serves only as agent of the sending state and may not determine the conditions of parole or probation in the sending state, but may and should offer recommendations pertaining to such conditions, and impose its own special conditions effective within the receiving state. There is nothing restrictive in the Compact language referring to felony offenses and/or misdemeanor offenses. The Compact covers any infraction of the law, major or minor, for which there has been a conviction.
Section 2-102.
MILITARY PERSONNEL

Military personnel shall be processed as any other Compact case, however, mere physical presence in another state for military service does not change residence for purposes of the Compact.

Section 2-103.
CONCURRENT SUPERVISION (Revised 1-27-98)

A probationer or parolee who is sent to another state for concurrent supervision under the Compact, shall be processed and supervised in the same manner as any other Compact case.

Should there be an occasion when the receiving state rejects a concurrent supervision case, it shall provide annual progress reports, if requested by the sending state, until the closing of the rejecting state’s case or upon expiration of the sending state’s case, whichever occurs first. The rejecting state shall immediately notify the sending state of any violation or termination of supervision in its case.

Each progress report shall address the offender’s living arrangements, employment, and response to supervision.

Commentary

The Parole and Probation Compact Administrators’ Association encourages the acceptance of supervision in these situations as a matter of expediency and public safety. Clearly the sending state has an interest in monitoring the offender’s adjustment while he/she resides in the receiving state. Any special conditions imposed in the order for supervision are assumed to be written as enhancements to the supervision plan and should be addressed by the supervising agency. It is important for the receiving state to recognize those interests and cooperate by providing information to the sending state, if not supervision under the Compact.

Section 2-104.
JUVENILES (Effective 3/28/2001)

No juvenile shall be eligible for supervision under the Compact unless the juvenile has been convicted in judicial proceedings as an adult, requiring adult supervision.

Commentary

Since adjudication of delinquency is not considered a "conviction," generally, juveniles are not eligible for supervision under the Interstate Parole and Probation Compact.

Section 2-105.
MERCHAND SEAMEN

Permission to serve in the Merchant Marine may be granted only in select cases. No parolee/probationer may do so unless the parolee or probationer was a Merchant Seaman (with papers) prior to commitment.

Commentary

Permission to serve in the Merchant Marine should only be granted in select cases and only if the individual was a Merchant Seaman (with papers) prior to commitment. If the individual is scheduled to remain in an out-of-state port for a substantial amount of time, the receiving state’s administrator
should be notified and given the opportunity to provide supervision.

Section 2-106.

PRETRIAL DIVERSION CASES

Member states of the Compact may enter into agreements under the Compact with other member states where statutory authority exists under which non-convicted persons may be supervised.

Commentary

At the time of adoption of the Compact, pre-trial diversion and similar pre-conviction programs for dealing with offenders were not in frequent use. The development of such programs over recent decades requires that Compact rules be altered to allow for such cases to be handled under the Compact pursuant to agreements that individual Compact states may make with one another. It is the intent of this section to allow such agreements to occur.
Section 2-107.
MISDEMEANANTS

Misdemeanants are eligible for supervision under the Compact.

Section 2-108.
FURLOUGH, WORK RELEASE, OR OTHER PRE-PAROLE RELEASE

No offender released on furlough, work release, or any other pre-parole release program is eligible for supervision under the Compact.

Commentary

Offenders released on furlough, work release, or any other pre-parole release are not eligible for supervision as Compact cases, and cannot be returned as violators under the Compact.

Section 2-109.
NON-CONVICTED OFFENDERS

Non-convicted persons who are subject under order of a court to be supervised are not ordinarily subject to supervision under the Compact. However, where reciprocal legislation or other law exists allowing such transfer and supervision, states may do so pursuant to the other authorizing law.

Commentary

When the Compact was entered into in 1937, diversion programs and other supervisory programs not involving conviction did not exist. The language of the Compact explicitly states that it is for "... any person convicted of an offense," therefore, non-convicted persons on probation are technically not eligible for supervision under the Compact. However, it is the position of the PCCAA that a non-convicted person who is subject under order of a court to be supervised may be transferred under the Compact if both the sending and receiving states agree to transfer.

Section 2-110.
SPECIAL CONDITIONS

A) Any receiving state which chooses not to enforce or is not able to enforce a special condition placed upon a parolee or probationer by the sending state shall notify the sending state, as soon as is possible, that the special condition will not be enforced.

B) Any receiving state which imposes an additional condition upon a parolee or probationer shall notify the sending state of said condition as soon as is possible.

Commentary

Whenever a special condition is imposed on a parolee or probationer, the sending state shall, as a part of a request for transfer, fully disclose the special condition, the reason for its existence, and all related information to the receiving state. The receiving state should make every effort to meet the special condition. If a receiving state chooses or is not able to enforce a special condition upon a parolee or probationer, the sending state must be notified that the special condition will not be enforced. The sending state may then choose to either decline to transfer the offender or to transfer the offender with knowledge that the special condition will not be enforced. Where such conditions cannot be enforced, they should be altered by the sending state in accordance with its procedures. Special conditions may be imposed by receiving states as well as by sending states. This section
recognizes this and imposes a duty upon the receiving state to notify the sending state of any additional conditions imposed upon the parolee or probationer. See PCCA& Executive Council Rulings Section, Ruling No. 1 - Receiving State’s Right to Add Special Conditions.

Section 2-111.
EXTRAORDINARY MEDICAL/PSYCHOLOGICAL CONDITIONS

When transferring under the Interstate Compact a parolee or probationer with an extraordinary medical/psychological condition the sending state shall fully disclose all relevant known information regarding the offender’s condition and shall obtain a signed waiver from the offender allowing for such disclosure.

Commentary

When transferring under the Interstate Compact a parolee or probationer with an extraordinary medical/psychological condition such as an infectious disease, the sending state must fully disclose all relevant known information regarding the offender’s condition. A sending state must also obtain a signed waiver from the offender allowing for such disclosure. The clear intent of the Compact itself as well as this provision is to hold that where a parolee or probationer otherwise meets the eligibility requirements of the Compact for mandatory acceptance, states may not reject such a transfer because of the existence of an extraordinary medical/psychological condition.

Section 2-112.
VICTIM NOTIFICATION (Effective 3/28/2001)

Victim notification requirements are the responsibility of the sending state in accordance with the laws and policies of the sending state. The sending state will request information as necessary to fulfill victim notification requirements. The receiving state will respond to requests from the sending state within five (5) working days.

To assure compliance and proper handling of victim issues within the receiving state, the interstate compact office of the receiving state shall be the initial point of contact for referral of all victim issues.

Commentary: Many states have victim laws whose requirements vary widely. The Council’s intent is to design a rule that allows states the flexibility to comply with their laws. Any special victim issues in a case should be communicated to the receiving state at the time of the transfer request or when necessary. The Council realizes that all requested information may not be available within five (5) working days. If this is the case, the response within the five-day period should indicate the anticipated date of completion.
SECTION 300 ARRANGEMENTS FOR SUPERVISION: STANDARDS AND PROCEDURES

Section 3-101.
OPPORTUNITY TO INVESTIGATE - Revised 1-27-98

INVESTIGATION OF PAROLE AND PROBATION PLAN

Any parolee or probationer residing outside the jurisdiction of the sentencing state must be referred for a transfer investigation and decision by the state in which he/she resides. In all cases, except emergency situations, or probation cases in which the offender already lives in the receiving state at the time of sentencing, the receiving state shall be given the opportunity to investigate the prospective plan of the individual prior to movement to the receiving state.

I. PROBATION PLAN INVESTIGATION WHEN OFFENDER RESIDES IN ANOTHER JURISDICTION AT THE TIME OF SENTENCING

When an offender has been placed on probation and lives in another state at the time of sentencing the offender may be given a provisional travel permit and be allowed to return to his/her home pending an investigation by the receiving state.

Upon knowledge of the sending state’s Interstate Compact Office that the probationer has returned to the receiving state, the sending state shall immediately notify the receiving state of the offender’s presence in the receiving state.

The sending state shall request reporting instructions and the receiving state may provide reporting instructions at its discretion.

The sending state shall remain responsible for supervision of the case until the receiving state completes an investigation and accepts a transfer of supervision.

The sending state shall mail the proposed transfer request to the receiving state no later than twenty-one calendar days after notification of the offender’s presence in the receiving state. The transfer request shall contain 2 copies of a completed PPCAA Form IA, AInvestigation Request, and all other appropriate information as outlined in Rule 3-103.

A completed investigation containing an acceptance or rejection shall be sent by the receiving state to the sending state within 45 days of the receipt of the investigation request by the receiving state’s Interstate Compact Office.

If the receiving state rejects supervision, it is the responsibility of the sending state to arrange for the removal of the probationer from the receiving state.

II. PRE-PAROLE PLAN INVESTIGATION

The sending state shall mail the proposed pre-parole plan to the receiving state no sooner that 90 (ninety) days in advance of the planned placement.

The sending state must send two (2) completed copies of Form IA, AInvestigation Request and all other appropriate information as outlined in Rule 3-103 ARequest for Supervision Information. The receiving state must acknowledge in writing receipt of the case.

A completed investigation containing an acceptance with reporting instructions or a rejection shall
be sent to the sending state within 45 days of receipt of the investigation request by the receiving state’s Interstate Compact Office.

If a parolee has not proceeded to the receiving state within 120 days after acceptance or confirmation of the validity of the original plan by the receiving state, the receiving state may withdraw its acceptance and close interest with notification to the sending state. The sending state may ask for a reinvestigation of the proposed plan but shall await another acceptance prior allowing the parolee to proceed.

III. INVESTIGATION PLAN OF PAROLEE OR PROBATIONER PRESENTLY UNDER SUPERVISION - Non Emergency

An offender already under supervision who is requesting transfer to another jurisdiction shall remain in the state where he/she is residing until the receiving state accepts the case for supervision or at its discretion, provides reporting instructions. The receiving state shall complete the investigation and notify the sending state of its decision within 45 days of receipt of the transfer request in the receiving state’s Interstate Compact Office. All acceptance decisions should also include reporting instructions.

IV. EMERGENCY INVESTIGATION REQUEST FOR PAROLEE OR PROBATIONER PRESENTLY UNDER SUPERVISION. (DISCRETION OF RECEIVING STATE)

A state may request an Emergency Investigation of any parolee or probation plan if it believes an actual emergency exists.

If the receiving state agrees that an emergency exists and consents to perform an emergency investigation, the sending state shall immediately send to the receiving state by facsimile or electronic mail all documents delineated in rule 3-103.

The receiving state may, upon its discretion, provide reporting instructions. The receiving state may complete an investigation within fifteen business days and advise if the plan is acceptable immediately upon completion of the investigation. If the transfer is accepted and prior reporting instructions have not been provided, the acceptance should include reporting instructions. If reporting instructions were previously granted, the offender shall be placed under immediate supervision.

If the plan is rejected by the receiving state and reporting instructions were previously provided, the offender must immediately return to the sending state. It shall be the responsibility of the sending state to ensure that the offender returns.

If the receiving state does not agree that an emergency exists, this section is not applicable and the transfer shall be governed by section III of this rule.

COMMENTARY: Although permitting offenders to proceed to a receiving state prior to investigation and acceptance of a plan should be generally discouraged, there are circumstances which dictate the offender’s travel there are a necessity. These circumstances include probationers who already reside in the receiving state at the time of sentencing, or an emergency situation such as a death in the immediate family which requires the offender’s presence to provide continued exclusive care of elderly or dependent relatives, or the imminent threat of the loss of employment. Typically no offender should be allowed to proceed as the result of an emergency situation unless the receiving state has been informed and agrees that an emergency exists. It is the responsibility of the sending state to verify the need for immediate travel to the receiving state through the appropriate sources ie, physicians, employers, landlords, and Court documents. The nature of the
offender’s present offense, prior criminal history, risk to the community, and adjustment to supervision are important factors in determining whether the offender should be allowed to travel to another state prior to completion of an investigation.

In all cases where the offender has been, or will be, allowed to travel to the receiving state pending transfer, it is the responsibility of the sending state to immediately notify the receiving state of the offender’s departure. The sending state should request reporting instructions and give them to the offender should the receiving state comply. Although the provision of reporting instructions is left to the discretion of the receiving state, this action is encouraged by the PPCAA.

At no time is the receiving state required to provide supervision prior to formal acceptance of the proposed transfer. Supervision responsibilities and liabilities remain with the sending state. Reporting instructions are not to be construed as a transfer of supervision responsibilities or acceptance of the sending state’s plan. Granting of reporting instructions by the receiving state is recommended and may facilitate subsequent investigation of the plan, but no attempt at supervision or case management is required prior to the receipt of case material, investigation of the plan, and formal acceptance.

Finally, it is emphasized that it is the responsibility of the sending state to arrange for the removal from the receiving state of any offender who has been allowed to proceed to the receiving state prior to formal acceptance and is later rejected for transfer of supervision.

Section 3-102.
CHANNELING CASES THROUGH THE ADMINISTRATOR’S OFFICE

Acceptance, rejection or termination of an interest in a Compact case shall only occur through the Compact Administrator’s office or a designated deputy. All written and verbal communication shall be channeled through the Administrator’s office or the office of a designated Deputy.

Commentary

This section clarifies the policy of the Administrators that a single agency in each state handle communications with other states relating to Compact cases.

Section 3-103.
REQUEST FOR SUPERVISION INFORMATION (Revised 9/27/1996)

A request for supervision shall contain a presentence investigation report or similar information from other reports which shall include the following information:

1) Criminal history of the parolee or probationer;

2) Description of the instant offense including information concerning any enhancement or reduction in the charge or penalty;

3) Copy of the conditions of parole or probation with commentary regarding any special conditions which have been imposed is granted. In pre-parole cases, the conditions shall be provided within 30 days after parole to plans in the receiving state;

4) Application for Compact Services and Agreement to Return Form;

5) Copy of the judgment and commitment;
6) Current supervision history of parolee or probationer in the sending state.

Commentary

Given the reality that some states do not have resources available to provide the following material, it is considered desirable, but not mandatory and should be included with the transfer request when it is readily available.

1) Photographs and fingerprints

2) Psychological reports;

3) Information regarding any medical condition which requires medication.

Section 3-104.
PRESENCE, PRECONVICTION AND POSTSENTENCE INVESTIGATIONS

Compact Administrators are not required to make presentence, preconviction, or postsentence investigations. (Revised 3/28/2001)

Commentary

Administrators sometimes receive requests for investigations regarding prospective placements of individuals who have not been sentenced. It shall be noted that there is a great difference between making an investigation of an individual who has been convicted, but not yet sentenced, and making an investigation of an individual whose guilt has not been determined. Most Administrators seem to be willing to furnish presentence investigations. This is probably good practice in cases where the investigation will take some time and the court will be required to hold a probationer without a definite supervisory plan until the investigation report is received. The making of an investigation before conviction is another matter. The Association has agreed that Compact Administrators do not have any obligation to make such investigations since the Compact covers only "convicted" persons.

There may be state laws which prevent an Administrator from making such an investigation even if the Administrator wishes to cooperate. Moreover, a person charged with a crime is presumed to be innocent and retains relevant rights until found guilty, so there may be considerable doubt as to the legality of certain investigations if such individual has not been convicted.

Administrators should try to cooperate by exchanging information to assist other states in presentence, preconviction, and postsentence investigations. It is difficult for states to make proper decisions when background information is unavailable. Administrators who request information should be specific about the type of information wanted. The investigating state shall be given adequate information about such things as addresses of relatives and former employers.

Section 3-105.
CONFIDENTIALITY OF RECORDS

Pre-parole and investigation reports which are exchanged between states in connection with interstate supervision are confidential.
Commentary

Pre-parole and investigation reports shall not be revealed directly or indirectly to any person not authorized to receive them. Administrators shall notify persons in charge of records that they are confidential.

Section 3-106.
DISAGREEMENTS OVER ACCEPTING CASES

No state shall refuse to supervise a parolee or probationer eligible under the Compact who has the necessary employment and residency qualifications. A receiving state cannot reject supervision based on a short period of supervision. Cases with less than 45 days supervision shall not be transferred.

Commentary

Under the terms of the Compact, no state shall refuse to supervise a parolee or probationer who has been convicted and who has the necessary employment and residency qualifications. No state shall refuse to supervise if the offender is considered to be a poor risk, high profile case, or based upon crime(s). A receiving state cannot reject supervision based on a short period of supervision. Sending states are reminded, however, that receiving states have up to 45 days to investigate prior to acceptance. Therefore, cases with less than 45 days supervision shall not be transferred.

Section 3-107.
DIRECT CORRESPONDENCE WITH PRISONERS

Compact officials shall not engage in direct correspondence with prisoners of another state regarding prospects for interstate supervision.

Commentary

The procedure shall be that when an official receives such a letter, it will be acknowledged but will state that the official cannot act or give information on a case without a request from Compact officials in the sending state. Each state may devise a form letter to use in such cases.

Section 3-108.
ARRANGEMENTS FOR SUPERVISION IN A THIRD STATE

Transfer of supervision to a third-party state shall be processed by the sending state. The current supervising state shall notify the sending state prior to movement for purposes of changing residence. Sending states shall notify receiving states of acceptance of transfer by the third-party state.

Commentary

The state presently supervising the parolee or probationer will assist in having Form III signed if provided by the sending state, issue a travel permit, when properly authorized, with specific information included. This information shall then be sent to the sending state, which will forward such information to the third-party state. The sending state will notify the original receiving state when acceptance is made by the third state and notify it to close the file.
Section 3-109.
RETURN OF SUPERVISION TO THE SENDING STATE (Effective 3/28/2001)

Prior to any offender being allowed to return to the sending state, the administrator of the sending state shall be notified and reporting instructions shall be requested. This notice shall include the address of residence, phone number, name and relationship of contact person, and date of departure. A travel permit will be furnished to the offender with a copy to the sending state.

Commentary

This rule is intended for offenders with a valid need for return as opposed to those in violation or those who present supervision problems. The sending state is encouraged to provide reporting instructions in an expeditious manner, but failure to do so will not preclude the offender’s return. Prior to allowing the offender to return, the receiving state should consider special conditions, victim issues, and other pertinent matters that impact public safety. The travel permit shall include any reporting instructions provided the offender at the time of departure.

Section 3-110.
OBLIGATION TO PROVIDE FOR RETURN

A sending state shall provide for the return of violators supervised under the Compact, including expenses associated with such return, in a reasonable and expeditious manner.

Commentary

Fiscal constraints are not sufficient reason for failure to return violators under the InterstateCompact. It is the duty of the sending state to provide for the return of all offenders supervised under the Compact. Sending states shall provide for the return of violators from receiving states in a reasonable and expeditious manner.

Receiving states shall not be required to bear expenses associated with a physical return to a sending state, except that no sending state shall be required to compensate a receiving state for expenses associated with the normal incarceration, judicial or administrative process of a receiving state. Additionally, neither the sending or receiving state shall ever send a bill for services to the other state.

Failure to return violators due to fiscal reasons may have liability implications for sending states.

Section 3-111.
RULE VARIANCES

Variances to the rules under this Compact, because of the emergency nature or the circumstances surrounding the need for said variance, may be implemented where clear and convincing evidence can be shown to exist of the need for such variance and where agreed upon in advance by the states affected by such variance. Variances shall be in writing, and should be filed with the Chair of the Executive Council.

Commentary

Variances shall be used when the states involved agree upon the need for the variance. Such cases should usually be extraordinary in nature, and variances agreed upon shall be in writing.
SECTION 400 STANDARDS OF RECIPROCAL SUPERVISION

Section 4-101.
RECIPIROCAL DUTIES BETWEEN STATES

Each receiving state shall assume the duties of visitation of and supervision over probationers or parolees of any sending state transferred under the Compact, and in the exercise of those duties will be governed by the same standards which prevail for its own probationers or parolees.

Commentary

The same standard of supervision as applies in the receiving state in the supervision of its own parolees (and probationers) shall apply to out-of-state parolees (and probationers) sent there under the terms of this agreement. The general interpretation of Article (2) of the Compact is subject to no variation. There is unanimous agreement that this language means, in effect, that a receiving state is not expected to do more or less for out-of-state cases than it does for its own cases.

Section 4-102.
INTENSITY AND DURATION OF SUPERVISION

The duration of the parole/probation period in a Compact case shall be determined by the sending state. The degree of supervision shall be determined by the receiving state, but shall be consistent with the degree of supervision applied by the receiving state to its cases not involving the Compact.

Commentary

Some states have parole periods which are much longer than average. Where such periods are fixed by law, it is often impossible for the sending state to discharge a parolee even though the supervision is taken place in a receiving state which does not extend such lengthy supervision to its own parolees. States may place in the lowest level of supervision. Nothing in this section prohibits two states agreeing prior to transfer on the intensity and duration of supervision in a particular case. In accordance with the clear intent of the Compact, sending states shall therefore determine length of supervision, with receiving states determining the degree of supervision applied. See PPCAA Interpretations: Legal & Administrative Section, Legal Opinion No. 1 Closing Supervision Interest.

Section 4-103.
REPORTING

The receiving state shall provide the sending state with annual progress reports, unless through the mutual consent of the Administrators involved, they are discontinued. Arrival reports shall be sent within 30 days after the offender’s arrival in the receiving state.

Commentary

The foregoing rule as it applies to progress reports is not to be construed as preventing two or more signatory states from agreeing among themselves upon either more frequent reporting or less frequent reporting concerning their respective parolees or probationers. Progress reports shall cover present residence of the parolee or probationer, name of the employer, type and character of employment and the individual’s general conduct and progress, as well as the individual’s attitude toward supervision.
Section 4-104.
COLLECTION OF SUPERVISION FEES

No sending state shall impose a fee for the purpose of supervision on a parolee or probationer who is currently being supervised by another state under the Interstate Compact.

Commentary

It is the position of the Parole and Probation Compact Administrators' Association that only a receiving state shall charge a supervision fee. The reasoning behind this policy is that only the receiving state is performing the actual supervision of the parolee or probationer during this time after the transfer, and therefore only the receiving state can justify a "supervision" fee. Fees assessed by sending states for purposes other than "supervision" are not specifically addressed by this rule. Receiving states shall not charge a supervision fee in Compact cases in excess of the amount which would be imposed if the offender were a parolee or probationer of the receiving state.

Section 4-105.
COLLECTION OF MONEY BY THE SENDING STATE

All money which the sending state desires to collect from parolees or probationers for family support, support of children, restitution, reparation or costs of court or fines, are to be sent directly to the sending state by the parolee or probationer; and the receiving state agrees only to use its best endeavors to see that the individual sends such money as requested.

Commentary

Receiving states have no legal authority to administer the collection of funds on behalf of sending states. In addition, it is the belief of the Compact Administrators that requiring receiving states to collect funds on behalf of sending states would be ineffective and would place unnecessary burdens on receiving states to account for funds belonging to another state.

Section 4-106.
TEMPORARY/PROVISIONAL TRAVEL PERMITS

Although many Interstate Offices regulate travel permits for all parolees and probationers within their state, for PPCAA purposes travel permit policies pertain only to Compact cases.

1) Temporary Travel Permits
A receiving state shall have the discretionary authority to issue to a parolee or probationer a temporary travel permit to make visits out of the receiving state for a period not to exceed thirty (30) days.

2) Provisional Travel Permits
Provisional travel permits may be issued by a sending state to allow a parolee or probationer to proceed to a receiving state prior to completion of an investigation and formal acceptance of the case in emergency situations. See Section 3-101.

Commentary

The Interstate Compact has no authority or involvement in the granting of travel in non-Compact cases. Copies of Provisional Travel Permits are to be included in the investigation request transfer package. Also, copies of Temporary Travel Permits issued in Compact cases are to be provided to the appropriate sending state. Copies of Temporary Travel Permits issued in non-Compact cases
will be mailed to states of travel only upon request of those states.

Section 4-106(1): The receiving state is authorized in appropriate cases to grant to the parolee (probationer) permission to make temporary visits out of the receiving state, not exceeding thirty days in length.

Before a parolee or probationer is given permission to visit in another state, advance notice of visits shall always be sent to the state to be visited if such Administrator of that state has indicated a desire for such notification.

Section 4-106(2): The provisional travel permit is to be used when travel is authorized by a sending state for a parolee or probationer to proceed to a receiving state and there remain pending case transfer. The precautions outlined in Section 3-101 shall be observed by the sending state Administrator before authorizing travel in these cases. If the receiving state rejects supervision of an individual following investigation of the plan, the parolee or probationer must return to the sending state. Provisional travel permits shall contain instructions to the parolee or probationer requiring return to the sending state if transfer of supervision is finally rejected by the receiving state. Travel permits shall be clearly marked as either temporary or provisional permits.

Sending states and receiving states are encouraged to utilize methods of electronic transfer of information to expedite communications in emergency cases.

Section 4-107.
CLOSING OF CASE RECORDS (Effective 3/28/2001)

1) The receiving state shall close its records and cease supervision of the parolees or probationers upon:

   A) Receipt of a certificate of discharge from supervision or upon a receipt of permission to close interest from the sending state.

   B) Notification of absconder status. Such closure shall not jeopardize the sending state’s right to retake that individual without extradition. Should said absconder be located within the receiving state, the provisions of these rules and the Compact requiring the receiving state to hold a preliminary hearing shall still apply.

   C) Notification of institutionalization (per 4-109) or imprisonment.

   D) Notification of death.

   E) Return to sending state (per 3-109).

2) No receiving state shall close its records on a violator while the sending state is in the process of retaking the parolee or probationer.

Commentary

It has been established by various court decisions that even when the receiving state has closed its records on an absconder such closure does not jeopardize the right of the sending state to retake him/her without extradition.

A Certificate of Death will be provided if requested by the sending state.

A case shall not be closed on a violator while the sending state is in the process of retaking. The case shall be closed after the offender is removed from the receiving state or when the violator begins to serve a new sentence in the sending state. As a general principal receiving states shall treat Compact cases as they would treat their own state’s non-Compact cases. (Effective 3/28/2001)
Section 4-108.
DISCHARGE IN RECEIVING STATE

The sending state shall notify the receiving state's Compact Administrator of a parolee or probationer's discharge from supervision.

Commentary

Notices of discharge shall always be sent to the receiving state's Administrator, so that they will not be in the position of supervising an individual who is no longer on probation or parole. The receiving state's authority to supervise springs from the fact that it is acting as "agent" for the sending state. Therefore, the receiving state shall not continue supervision when there has been a discharge.

It is noted that some states discharge supervisees despite the fact that the receiving state has called attention to the need for continued supervision. The sending state has a legal right to make the final decision regarding discharge; however, it also was agreed that there shall be cooperation in these matters.

Section 4-109.
SUPervision of Individuals Who Become Mentally Ill or Physically Handicapped While in the Receiving State

A receiving state shall continue supervision of an offender who is determined to be mentally ill or physically handicapped while in the receiving state, unless the prognosis for recovery is diagnosed as long term or of a permanent nature, where the supervision of long-term commitments reverts back to the sending state.

Commentary

It must be remembered in setting supervision rules for the mentally ill or physically handicapped offender, that most such cases are committed for short terms or usually after being charged with a new offense in the receiving state. Closing and resuming Compact supervision on these short commitments would place a needless administrative burden on both the receiving and sending states.

Section 4-110.
INTERPRETATION AND PRACTICES REGARDING VIOLATORS

1) Reports of Violations
A receiving state shall promptly, upon violation, notify the sending state of such violation utilizing the appropriate forms provided for by these rules.

2) Crimes Against the Laws of the Receiving State
A receiving state may detain a parolee or probationer who has committed a crime against the laws of the receiving state and hold a trial on that offense.

3) Detainers Placed by the Sending State
The following are procedures regarding detainers placed by the sending state against interstate supervisees incarcerated in the receiving state:

A) A preliminary hearing shall be conducted as soon as possible by the receiving state and forwarded to the sending state if requested, except where a waiver admitting the fact of the violation has been executed.
The receiving state shall send full information to the sending state regarding such things as the nature of the crime and the length of the new sentence.

The sending state shall, when filing a detainer, send a letter to accompany the detainer to the receiving state expressing the wishes of the sending state when the individual is released from prison in the receiving state.

4) Detainers Placed by a Receiving State
Where allowed by the law of the receiving state, detainers or Compact warrants may be placed by a receiving state upon a violator under the Compact pending a warrant or revocation by the sending state.

5) Requests for Preliminary Hearings
All requests by sending states that a receiving state hold a preliminary hearing on a violation shall be honored, except when a waiver admitting the fact of the violation has been executed (unless waivers are prohibited by the sending state).

6) Bail
No interstate supervisee who has been arrested in the receiving state shall be admitted to bail while the sending state is in the process of returning the supervisee.

Commentary

Section 4-110(1): Section 5 of the Parole and Probation Rules and Regulations specifies that the receiving state shall "promptly upon violation notify the sending state." An Administrator must give due credit to the recommendations of individual field officers, but should screen notices of violation rather carefully to be sure that there is good and sufficient reason for asking the sending state to retake its parolee or probationer.

The term "revocation of parole" has different meanings under various state laws. When corresponding about violations with the receiving state, it may be well to substitute other terms, such as "delinquency status" or "suspension of parole."

Section 4-110(2): If a violator has committed a crime against the laws of the receiving state, that violator may, of course, be held and tried on new charges. This is in accordance with Article 3 of the Compact which states, if at the time when a state seeks to retake a probationer or parolee there should be pending against him within the receiving state any criminal charge, or that suspicion exists of having committed within such state a criminal offense, he shall not be retaken without the consent of the receiving state until discharge from prosecution or from imprisonment for such offense."

Sending states clearly have a legal and contractual obligation under the Compact to return an individual where requested, just as receiving states have the related responsibility not to violate in Compact cases more readily than they do in their own cases. The length of a new sentence in the receiving state has no bearing on the sending state's right to retake an individual once the sentence has been served.

Section 4-110(3): Subsection (B): The receiving state shall confront all available adverse witnesses at the preliminary hearing where the violation is technical or based on untried complaints. In the case of a new conviction, the receiving state shall send certified minutes of the conviction.

The receiving state shall authenticate any other materials including the violation report and summary of the preliminary (on site) hearing if required by the sending state.
Section 4-110(4): When an interstate supervisee has been arrested in the receiving state, such supervisee shall not be admitted to bail while the sending state is in the process of making the return. The Morrissey decision and subsequent court decisions are predicated upon the assumption that the preliminary hearing determines the existence of reason to hold the individual, therefore eliminating the basis for allowance of bail. There shall be a special effort made to advise police, prosecutors and judges of the existence of the sending state's violation warrant.

Section 4-111.
FACTORS INVOLVED IN THE MAKING OF A DECISION TO RETAKE A CASE

1) Obligation to Retake a Violator
   A receiving state shall consider a parolee or probationer's residence and family ties before asking a sending state to retake a violator, particularly when the violator has only a few months left to serve for the sending state and is under a new sentence in the receiving state.

2) Alternatives to Retaking Out-of-State Cases
   There are two alternatives to retaking out-of-state cases:
   
   A) In the case of a violator who has committed a crime in the receiving state it may be possible to arrange concurrent supervision.

   B) Any violator may be committed by the sending state to an institution of the receiving state if both states are signatory to the Out-of-State Incarceration Amendment.

3) Continuation of Supervision when the Sending State Refuses to Retake a Violator
   A sending state shall apply the same standard for retaking of parolees or probationers as is applied to the taking custody of parolees or probationers within the sending state. The decision of the sending state to retake a person on parole or probation shall be conclusive and non-reviewable within the receiving state.

Commentary

Section 4-111(1): The receiving state shall try to give due consideration to residence and family ties before asking a sending state to retake a violator, particularly when the violator has only a few months left to serve for the sending state and is under a new sentence in the receiving state. The Association has adopted the following:

"That this Association go on record as favoring the continuance of the practice regarding return principles that has been followed over the years, namely that when a receiving state requests return, the request be honored unless another plan satisfactory to both states can be found."

In special situations the receiving state may feel compelled to ask the sending state to retake a parolee or probationer, even though the violations are relatively minor. It is suggested that in these cases the receiving state explain fully the pressures and special problems which make the continuance of supervision infeasible.

Section 4-111 (3): Article 3 requires that "[t]he decision of the sending state to retake a person on parole or probation shall be conclusive upon and not reviewable within the receiving state." See PPCAA Executive Council Rulings Section: Ruling No. 4-Sending State's Refusal to Order Return of an Offender.
The sending state shall reply to any violation report with either a decision or status report within 30 days of its receipt.

Section 4-112.
FORMS

The forms in reference to (1) Investigation Request; (2) Information When Subject is Sent to Receiving State; (3) Application for Compact Services and Agreement to Return; (4) Progress and Conduct Report; (5) Violation Report; and (6) Report of Arrival, are found in Chapter 4 and made part of these rules and regulations and are to be used for the purpose indicated. The Reply to Investigation Request Form, also found in Chapter 4, is optional.

Commentary

The objective in using standardized forms is to provide a degree of uniformity in the type and quality of information transmitted between states. Although there may be some minor differences in the format of forms used by the various states, every effort should be made to conform to the requirements of the rule regarding the use of forms. This is especially true where use of the Application for Compact Services and Agreement to Return is concerned as the language used in this form must conform in every respect with the language adopted by the Administrators.
SECTION 500 RETAKING CASES FROM ANOTHER JURISDICTION

Section 5-101.
GENERAL LEGAL ASPECTS

A duly accredited officer of a sending state may at any time enter a receiving state and apprehend and retake any person on probation or parole after due process.

Commentary

Article 3 of the Compact was reinterpreted by the Supreme Court (1972 & 1973) in Morrissey v. Brewer and Gagnon v. Scarpelli. The Court expanded certain limited due process rights to parole and probation offenders prior to the return of the alleged violator to the receiving state. A preliminary probable cause hearing is required prior to return.

At the time of application for Compact services, a waiver of extradition is executed. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto, as to such persons. Some states require an identity hearing prior to return of the alleged violator to the sending state.

Article 3 also prohibits the removal of an alleged violator from the receiving state if: 1) there remains pending within the state any criminal charges, 2) if the alleged violator is suspected of having committed any criminal offenses, 3) unless, the receiving state grants consent to remove the violator prior to discharge from prosecution or from imprisonment for such offense.

Section 5-102.
PROBABLE CAUSE HEARINGS

Morrissey v. Brewer and Gagnon v. Scarpelli mandate the holding of preliminary probable cause hearings in the receiving state prior to returning an alleged violator to the sending state.

Commentary

In the early 1970's the U.S. Supreme Court held in Morrissey v. Brewer and Gagnon v. Scarpelli that alleged parole and probation violators must be afforded limited due process rights upon arrest and confinement in the receiving state. The court held that an informal hearing is mandated to give assurance that the finding of parole or probation violation is based on verifiable facts and that a reasonably prompt inquiry is made by an impartial hearing officer near the place of alleged violation. The hearing is held to determine whether probable cause exists to believe that a parole or probation condition has been violated.

Section 5-103.
WAIVER OF PROBABLE CAUSE HEARINGS

Waiver of probable cause hearings by a parolee or probationer under the Compact against whom revocation proceedings have begun shall not be accepted unless said waiver shall also include an admission of violation of probation or parole, knowingly signed by the parolee or probationer unless such waivers are prohibited by the sending state.

Commentary

Historically, practices differ among states as to the conditions of and acceptability of waivers of probable cause hearings. Problems have occurred in substantiating parole/probation violations in the
receiving state based upon waivers which do not include an admission of violation. To prevent the loss of violation action by the sending state, all waivers of probable cause hearings shall include a signed admission of violation by the parolee or probationer.

Section 5-104.
ON-SITE PROBABLE CAUSE HEARINGS

1) Parole or probation revocation actions against individuals transferred under the Interstate Compact shall include a preliminary probable cause hearing conducted in the receiving state when at the time of initiation of revocation the parolee or probationer was physically within a receiving state pursuant to transfer under the Compact.

2) Preliminary probable cause hearings shall be conducted in a timely and reasonable manner and may be held by courts of appropriate jurisdiction or by administrative officials who are neutral and detached from the specific proceedings as otherwise allowed by law.

3) Preliminary probable cause hearings shall be subject to the procedures of the receiving state where not in conflict with the Compact.

4) Any evidence acceptable in a preliminary probable cause hearing shall be sufficient when transferred to a sending state as part of the official record of the preliminary probable cause hearing for acceptance as evidence for consideration in a final revocation hearing in the sending state, notwithstanding that it may be otherwise insufficient or objectionable in the form in which it is transferred. See Probable Cause Hearing Information Form.

Commentary

The Adult Compact clearly mandates that policies and practices in the treatment of Compact offenders are to be governed by the receiving state. Therefore, to maintain uniformity in the administration of interstate preliminary probable cause hearings, the policies, procedures and practices of the receiving state shall prevail. Conflicts between states on the acceptability/admissibility of evidence are resolved through the execution of the Probable Cause Hearing Information Form signed by the parolee or probation offender at the time of application for Compact services.

Section 5-105.
WAIVER OF EXTRADITION

No transfer shall occur under the Compact without a duly executed waiver of extradition signed by the parolee/probationer.

Commentary

1) Article (3) of the Compact greatly simplifies the procedure for interstate rendition of parolees and probationers. It means that the signatory states have agreed that extradition proceedings shall not be required when a sending state wishes to retake its parolee or probationer.

This agreement between the states is buttressed by an agreement signed by the parolee or probationer leaving the sending state for supervision in the receiving state. By signing this agreement (Form III of the Parole and Probation Forms - "Application for Compact Services and Agreement to Return") the offender waives any right to extradition proceedings in return for the privilege of interstate supervision and agrees to make no contest of "any effort by any state" to force return to the sending state upon demand.
Thus the states, with the consent of Congress, have expressly waived all of their legal requirements to obtain extradition of fugitives under the Compact - and the individual parolees or probationers have agreed - in advance and as a specific condition of their transfer - to waive their right to contest the effort of any state to return them to the sending state. The right of states to retake Compact cases without extradition has been challenged in court many times, but no court of last resort has ever handed down an unfavorable decision to the Compact.

2) The courts in recent years have ruled that if a parolee or probationer has signed a waiver of extradition as part of the agreement, extradition is not necessary. There are numerous relevant court cases (not one court of higher jurisdiction has ever ruled against this method of return). Quite to the contrary, the courts of higher jurisdiction, the U.S. 5th, 7th and 8th Circuits have ruled that a pre-signed waiver (without a Compact transfer) can be used and deeded civil judgment against officials involved under USC Section 42, 1983. The courts have also ruled that:

(A) Prior waiver of extradition as a condition of parole is not an unreasonable or coerced condition. See Pierson v. Grant, 527 F.2d 161 (8th Cir.1975).

(B) Prior waiver is enforceable if the offender had a "general knowledge and understanding" of the waiver. See Forester v. California Adult Authority, 510 F.2d 58 (8th Cir.1975).

(C) Extradition is not an exclusive remedy. See Cook v. Kern, 330 F.2d 1003 (5th Cir.1964).

(D) It need only to establish identity of the offender and the authority of the retaking officer.

See Simmons on behalf of Gra-V v. Lohman, 228 E2d 824 (7th Cir.).

See PPCAA Executive Council Rulings Section, Ruling No. 5 - Refusal to Honor Waiver of Extradition.

Section 5-106.
THIRD PARTY STATE RETURN OF PAROLE/PROBATION VIOLATORS

When a parolee or probationer executes the Application for Compact Services and Agreement to Return Form (Form III) the individual also waives the right to extradition from any jurisdiction where such person may be found.

Commentary

There has been no difficulty experienced by probation or parole agencies in effecting the return of violators who are apprehended in the receiving state, particularly where the probationer or parolee has signed the Compact Form III. The courts have uniformly upheld the right of the state to retake in this situation without extradition and no reported case has been found to the contrary. The great weight of authority also holds that a parolee or probationer who has been released to supervision under the Compact in another state and absconds to a third party state may also be returned without formality of extradition proceedings. There are several court decisions upholding the return of an alleged violator from any other state under a pre-signed waiver. The courts have ruled that:

1. Prior waiver of extradition as a condition of parole is not an unreasonable or coerced condition;

2. Prior waiver is enforceable if the offender had "general knowledge and understanding"
of the waiver;

3. Extradition is not an exclusive remedy;

4. There is need only to establish identity of the offender and the authority of the retaining officer.

Section 5-107.
RIGHT OF PAROLEES AND PROBATIONERS TO LEGAL PROCEEDINGS

No parolee or probationer under the Compact shall be denied the right to appeal to a court for the protection of individual rights.

Commentary

Parolees and probationers have sometimes made the claim that the Compact procedure for securing the return of interstate cases is in violation of the Fourteenth Amendment because it deprives them of liberty without due process of the law. This claim has always been rejected.

The following excerpt taken from the *Miederer v. Cnty*, 240 N.W.2d 626 (Wis. 1976) case indicates the line of reasoning generally followed by the courts, in upholding the Compact's waiver provisions, "because a parolee is deprived of no federally protected right, constitutional or statutory, in not being afforded an extradition proceeding, there is no due process violation."

The Compact does not and cannot deny to a parolee or probationer the right to appeal to a court for the protection of individual rights. However, the rights of a parolee or probationer are not unlimited and must be balanced against the rights of society. Article 3 of the Interstate Compact under which supervision occurs states, "the decision of the sending state to retake a person on probation or parole shall be conclusive upon and not revocable within the receiving state." Therefore, certain claims of violation of individual rights must be decided by the courts of the sending state rather than the courts of the receiving state.

The following is a summary of interpretations regarding the jurisdiction of courts of sending and receiving states over claims made by parolees and probationers:

1. If the parolee or probationer claims to be the wrong person when the sending state attempts to retake the individual: by the very terms of the Compact the individual can apply in the asylum (receiving) state where the individual is found for a writ of habeas corpus to test "the identity of the person to be retaken."

2. If the parolee or probationer claims that the officer sent to retake is not the duly accredited officer of the sending state: by the terms of the Compact, application can be made in the asylum (receiving) state for a writ of habeas corpus to test "the authority of the officer."

3. If the parolee or probationer claims that conviction by the sending state was unjust or that the sentence received was disproportionate: the remedy is to appeal to the courts of the demanding (sending) state. There is no right to test innocence or guilt on habeas corpus in the receiving state.

4. If the parolee or probationer claims that the sentence has already been served in full: the individual must appeal to a court of the sending state for a decision as to that person's status under the laws of the sending state.
(5) If the parolee or probationer claims that the violation for which retaking is underway is not serious enough to warrant return to the sending state: the court of the receiving state is relieved of jurisdiction by the express terms of the Compact which states, "the decision of the sending state to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving state."

(6) If the parolee or probationer contests the legality of the revocation: this is a question for the demanding (sending) state.

Section 5-108.
TRANSPORTATION OF CASES THROUGH OTHER STATES BY AGENTS OF THE SENDING STATE

Persons who are duly accredited officers of the sending state under this Compact, shall be permitted to transport prisoners through any and all states party to this Compact without interference.

Commentary

Article (4) of the Compact states that "only duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states parties to this Compact, without interference."

States may authorize appropriate officials within public or private agencies as official agent of the sending state for purposes of transporting offenders. Nothing in the Compact precludes a state from contracting with private transportation vendors for purpose(s) of transporting offenders across state boundaries.

Section 5-109.
RETAKE OFFENDERS DIRECTLY FROM STATE/FEDERAL CORRECTIONAL FACILITIES

Duly accredited agents of the sending state may assume custody directly from state/federal facilities provided that: 1) no detainer has been placed by the state in which the institution lies; 2) no extradition proceeding initiated by a 3rd state is pending; 3) that no identity hearing is required by the laws of the state in which the offender is incarcerated.

Commentary

Article 3 of the Compact provides for the waiving of extradition rights at the time of application. Unless local charges are pending or unless another party state has initiated extradition proceedings, custody may be directly assumed by the sending state's agents at the place of confinement. In addition, some states require that an identity hearing be held in the state of confinement to establish the identity of the offender and of the sending state's agents.
SECTION 600 SUGGESTED RULES OF PRACTICE UNDER THE INTERSTATE REVOCATIONS HEARINGS AMENDMENT

NOTE: Section 600 contains recommended policies and general provisions for the implementation of interstate revocation hearings between signatory states. The contents of any sub-section contained herein is subject to the approval of the duly appointed Compact Administrators and/or designates representing the signatory states party to this amendment.

Section 6-101.
GENERAL LEGAL PROVISIONS

The service of administering interstate revocation hearings on a reciprocal basis is not a service provided for under any provision of the basic Compact. However, where Compact amendment exists and where a written contractual agreement exists between signatory jurisdictions, states may provide interstate revocation hearings pursuant to law and contractual arrangement. See recommended contract "Contract for Services Between (receiving state) and (sending state) for the implementation of the Revocation Hearings Amendment."

Commentary

When the Compact was effectuated in 1937, no provisions were made for authorities of signatory states to hold final revocation hearings for one another. While the Incarceration Amendment to the Compact (late 1960's) recognized and provided for interstate revocation hearings between signatory jurisdictions, its primary intent was to reincarcerate violators in the receiving state. As a result, the Incarceration Amendment's applicability to modern field and correctional systems was questionable.

The Interstate Revocation Hearings Amendment provides the legal basis to permit signatory states to hold final revocation hearings for one another, reciprocally. The amendment legally assigns agent status to the receiving state's officials in the holding of final revocation hearings pursuant to this amendment. There are two separate Compact amendments governing interstate revocation hearings - one statute governs parole revocation hearings and the other statute governs probation revocation hearings. States may not pass one or both amendments. In addition to the passage of the Compact amendment(s), signatory states shall enter into written contractual agreements. Said agreements shall provide the basis of how the states' staff conduct business between one another; what offender groups shall be eligible for services; and, which states' applicable laws and regulations shall prevail and govern the administration of final revocation hearings. Nothing in the amendments(s) or contained in any contractual agreement shall abrogate or revoke the sending states authority to review and approve a final revocation hearing recommendation made by the authorities of the receiving state.

Section 6-102.
ELIGIBILITY

Signatory states shall negotiate and agree via written contract as to the scope of offender eligibility.

Commentary

The U.S. Supreme Court clearly established that speedy trial rights do not apply to outstanding parole and probation violation detainers when an alleged parole or probation violator is serving an out of state term of imprisonment. Nash v. Carchman 473 U.S. 716, 105 S. Ct. 3401 (1985). Given the above holding, interstate Administrators may at their discretion decide on which offender groups may best be served by the hearing process provided for under the Interstate Revocation Hearings Amendment. It is strongly recommended that officials entering into contracts under this amendment
clearly define the offender groups to be served.

Section 6-103.
AGREEMENT OF WAIVER - COMPACT OFFENDER

In order to partake in services provided under the Compact between states party to the Interstate Revocations Hearings Amendment, the parolee and/or probationer shall execute Form II, "Agreement of Waiver, Revocation Hearings Amendment" in conjunction with "The Application for Compact Services and Agreement to Return" form. All documents shall be contained in the original transfer package compiled at the time of application for transfer.

Commentary

Compact services provide certain benefits to the offender group. In consideration of obtaining certain benefits derived from interstate transfer, the offender(s) must waive their rights to formal extradition and must realize and accept certain differences in the administration of parole/probation supervision between states. Where two states have adopted the Interstate Hearings Amendment and have entered into contractual arrangements under the amendment, the offender shall also acknowledge and agree to any differences in the administration of final revocation hearings between sending and receiving states. In addition, the offender must waive any right to a face-to-face revocation hearing in the sending state, and must waive any challenge to the type and character of information reports and documents presented and/or used in consideration against the offender during the final revocation process.

Section 6-104.
AGREEMENT OF WAIVER - NON-COMPACT OFFENDER

In order to partake in services provided under the Final Revocation Hearings Amendment and to obtain benefits derived therefrom, non-Compact offenders deemed eligible for revocation hearing by contractual agreement, shall effectuate Form IV - "Agreement of Waiver, Non-Compact Case"; Form IV shall be executed prior to the scheduling of any final revocation hearing within the receiving states. The offender must voluntarily execute a Form IV.

Commentary

Form IVs are only executed by non-Compact offenders who voluntarily request that a receiving state hold a final revocation hearing. Non-Compact offenders are only eligible for interstate revocation hearings under this Amendment(s) when signatory states agree to the eligibility of non-Compact offenders via formal contractual provision.

Section 6-105.
STANDARDS OF EVIDENCE

The type and character of information, reports and documents presented and/or entered into evidence to substantiate or disbelieve violation allegations brought against an offender under this amendment shall be accepted as legitimate standards of evidence by officials of the sending state provided that such documents are acceptable standards of evidence for revocation proceedings within the receiving state.

Commentary

The rule ensures that evidence presented and accepted at a final revocation proceeding in the receiving state be transferable as legitimate evidence when considered by the sending state.
The Interstate Compact for Adult Offender Supervision shall be referred to as "the new compact" and the Interstate Compact for the Supervision of Parolees and Probationers shall be called, "the old compact," in reference to this rule. This rule shall continue in full force for a length of time agreed upon by both compacts.

1. Interstate transactions between jurisdictions during the initial twelve (12) months following the first commission meeting shall be governed as follows:

   a) Transactions between members of the new compact will be governed by the new compact rules.
   b) Transactions between members of the old compact only, will be governed by the old compact rules.
   c) Transactions between new compact and old compact members will be governed by the compact rules of the receiving jurisdiction.

2. New compact states and old compact states shall attempt to resolve any disputes or other issues that may arise. Unresolved issues will be addressed through mediation or binding dispute resolution.

3. The duties and obligations of a renouncing state shall continue as to offenders residing therein at the time of withdrawal until retaken or finally discharged by the sending state.

Commentary: This transition rule is designed to facilitate uninterrupted supervision of adult offenders and promote public safety.

Note: This Transition Rule was passed by the PPCAA membership, by signed ballot, on Friday, August 2, 2002.

Commission Purpose, Function and By-laws

Section 1. Purpose.
Pursuant to the terms of the Interstate Compact for Adult Offender Supervision, (the "Compact"), the Interstate Commission for Adult Offender Supervision (the "Commission") is established to fulfill the objectives of the Compact, through means of joint cooperative action among the Compacting States: to promote, develop and facilitate safe, orderly, efficient, cost effective and uniform transfer and supervision of adult offenders in the community who are authorized pursuant to the bylaws and rules of this Compact to travel across state lines both to and from each compacting state, and when necessary, return offenders to the originating jurisdictions.

Section 2. Functions.
In pursuit of the fundamental objectives set forth in the Compact, the Commission shall, as necessary or required, exercise all of the powers and fulfill all of the duties delegated to it by the Compacting States. The Commission's activities shall include, but are not limited to, the following: the promulgation of binding rules and operating procedures; oversight and coordination of offender transfer and supervision activities in Compacting States; provision of a framework for the promotion of public safety and protection of victims; provision for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; equitable distribution of the costs, benefits and obligations of the Compact among the Compacting States; enforcement of Commission Rules, Operating Procedures and By-laws; provision for dispute resolution; coordination of training and education regarding the regulation of interstate movement of offenders for officials involved in such activity; and the collection and dissemination of information concerning the activities of the Compact, as provided by the Compact, or as determined by the Commission to be warranted by, and consistent with, the objectives and provisions of the Compact.

A Member shall vote himself or herself and shall not delegate his or her vote to another Member. Members may participate in meetings by telephone or other means of telecommunication or electronic communication. Don,

Our broker with Palmer and Cay did not know of any packaged insurance that would cover the scenario you described. As you know he is taking a shot that D&O might cover you but that is iffy.

After discussing it further with another broker today we think it COULD be possible for you to get insurance. In order to find out we need to describe exactly what the insurance would be expected to cover and then submit it to an insurance company to see if they would underwrite it and for how much. As he put it “everything is insurable its just a matter of how much it costs”. So the answer is to carefully detail what the insurance would cover and submit it to see if anyone will write a policy and for how much. If they would write a policy to your satisfaction we would need to have it reviewed by an insurance attorney to make sure that it does satisfy your needs.

I would tell your president that the answer is maybe and we won’t know for sure until ICAOS outlines the coverage they want and we shop it around for any lakers.

INTERSTATE COMPACT FOR ADULT OFFENDER SUPERVISION

PREAMBLE

- Whereas: The interstate compact for the supervision of Parolees and Probationers was established in 1937, it is the earliest corrections “compact” established among the states and has not been amended since its adoption over 62 years ago;

- Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;

- Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements and sex offender registration;

- Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability;

- Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact.

Be it enacted by the General Assembly (Legislature) of the state of _____________.

Short title: This Act may be cited as The Interstate Compact for Adult Offender Supervision.

ARTICLE I
PURPOSE

The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the Bylaws and Rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the Interstate Commission
created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states. In addition, this compact will: create a Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of Compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity. The compacting states recognize that there is no "right" of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and Bylaws and Rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

Except as otherwise provided in this Compact and unless a greater percentage is required by the By-laws, in order to constitute an act of the Interstate Commission, such act shall have been taken at a meeting of the Interstate Commission and shall have received an affirmative vote of a majority of the members present.

Each Member of the Interstate Commission shall have the right and power to cast a vote to which that Compacting State is entitled and to participate in the business and affairs of the Interstate Commission. A Member shall vote in person on behalf of the state and shall not delegate a vote to another member state. The By-laws may provide for Members’ participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone, or other means of telecommunication or electronic communication shall be subject to the same quorum requirements of meetings where members are present in person.
The Interstate Commission shall meet at least once during each calendar year. The chairperson of the Interstate Commission may call additional meetings at any time and, upon the request of a majority of the Members, shall call additional meetings.

The Interstate Commission's By-laws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. - relate solely to the Interstate Commission's internal personnel practices and procedures;
- disclose matters specifically exempted from disclosure by statute;
- disclose trade secrets or commercial or financial information which is privileged or confidential;
- involve accusing any person of a crime, or formally censuring any person;
- disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

- disclose information contained in or related to examination, operating or condition reports prepared by, or on behalf of or for the use of, the Interstate Commission with respect to a regulated entity for the purpose of regulation or supervision of such entity;

The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollcall vote (reflected in the vote of each Member on the
question). All documents considered in connection with any action shall be identified in such minutes.

The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its By-laws and Rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements.

If the court finds that the Interstate Commission’s action is not supported by substantial evidence, (as defined in the APA), in the rulemaking record, the court shall hold the Rule unlawful and set it aside.

Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, no event later than 90 days after the effective date of the rule.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each Compacting State and shall promulgate a Rule binding upon all Compacting States which governs said assessment.

The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its By-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

Withdrawing State.

State’s intent to withdraw within sixty days of its receipt thereof.

If the Defaulting State fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the Defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Compacting States and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of suspension.
Within sixty days of the effective date of termination of a Defaulting State, the Interstate Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer and the Majority and Minority Leaders of the Defaulting State’s legislature and the state council of such termination.

The Defaulting State is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the Defaulting State unless otherwise mutually agreed upon between the Interstate Commission and the Defaulting State.

Reinstatement following termination of any Compacting State requires both a reenactment of the Compact by the Defaulting State and the approval of the Interstate Commission pursuant to the Rules.

Section C. Judicial Enforcement
The Interstate Commission may, by majority vote of the Members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the Federal District where the Interstate Commission has its offices to enforce compliance with the provisions of the Compact, its duly promulgated Rules and By-laws, against any Compacting State in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys fees.
